## **Stantasyland: Quips Quotes and Quandaries Stanley Victor Paskavich**

More than an extensive collection of one man's thoughts, this volume represents a lifetime of pondering on life's deeper mysteries while never forgetting the sorts of mundane occurrences that can be experienced while we move across this world. From humor to tragedy, Stanley relates life experiences and thought experiments both as he relates the ideas he has been sharing with the world for most of his life.

What began as a good idea has matured over the years into this collection. One day Stanley decided to start recording what he considered good thoughts he expressed in conversations with people all over the world in Internet chat rooms. Instead of losing interesting quotes to the vagaries of memory and the passage of time, he started preserving these ideas and carried his file from computer to computer over the years. While he continues to record his thoughts even today, this collection represents his preservation of many years of contemplation in a fixed form.

Enjoy.

# From Reader Review *Stantasyland*: Quips Quotes and Quandaries for online ebook

## Miss Tiff Miss Chief says

I'm not "into" poetry. Most quips drive me nuts. I have enough of my own. I must say, however, that I was pleasantly surprised by this book! I laughed about every 3-4 thoughts. Considering there are mostly one sentence for each, that's a lot! The others often expressed beauty in a very short (1-2 sentences) way. I actually rather enjoyed the variety of the author's thoughts! It's a perfect mix of humor, contemplation, observation, and the reality of the mind of a veteran.

The way the book is written, with such short thoughts and each numbered, makes it a perfect book for an office waiting room, coffee table, quick conversation starter, or any place you may sit for a few minutes and want something to read. It's great that he is in tune with social media, so a lot of his quips are current.

I'm proud to SUPPORT OUR VETERANS. By purchasing this book, I got more than my money's worth, and supported this unsung hero not only financially, but by acknowledging him as a person and fulfilling his dreams.

You can't put a price on that.

THANK YOU FOR SHARING YOUR WONDERFUL MIND, STANLEY PASKAVICH, AND YOUR SERVICE TO OUR COUNTRY.

---

## Reece Eoff says

Wonderful read! *Stantasyland* is a collection of ~500 Quips, making this book a perfect quick coffee table read.

Here are a couple examples of the quips:

**10.**

"Some Churches are heated and cooled 365 days a year as homeless soldiers and other people lay in alleys and bushes quite near."

**39.**

"I've diagnosed myself and discovered I have a limited lifespan. You can do this too. Then live life to its fullest in everything you do."

\*I won this book in the GoodReads giveaway\*

---

## Emily Daniel says

I received this book for free from the Goodreads first-reads giveaway.

3.5/5 stars.

This is a quick easy read of about 500 poems/quips. Some of them are laugh out loud funny, whilst others are refreshingly honest about the authors struggles with mental health.

A very interesting read and well worth a look!

### **Talix A.R. A.R. says**

I really enjoyed this book however I find it hard to put into words exactly why  
As these are curious entries and quick and entertaining quips that cause yr thinking to linger  
It's easy to envision these questions and observations scribbled and post-it'd to ones own mirror, side table or work station. Intelligent, funny and even profound

---

### **Kristin says**

i never got this book that i won

---

### **David Richardson says**

I received this book for free from the Goodreads first-reads giveaway. This is an unusual book of 466 quotes observances of life an a little bit of nonsense too. It is a real quick read and some of the quotes are VERY funny. Check it out!

---

### **Ashleigh says**

Firstly, I received this book through Goodreads First Reads. This does not change my view on the book at all.

It's a nice quick read that I finished in a day and left me thinking about some of the stuff written in it. Some of the poems are very funny while others were more honest and truthful. I think there's something for everyone to like.

---

### **Pam Mooney says**

If you are at a loss for words Paskavich has a few to spare! A very original combination of humor, contemplation, tragedy, and just being not like everyone else. Great variety and insight. A perfect book to inspire as the author invites you in to ponder life and the experience it offers. A good read.

---

**Kelly says**

Received this through Goodreads First Reads. Nice book for when you have a few moments to sit down and relax. Great book to have sitting out so guests can look through it and read a quick thought... or two or three!

---

**Michelle says**

Very amusing and interesting!Some I laughed about,but others hit it right on the head.A little something for everyone.

---

**Edward Pissmeoff says**

i won this from goodreads. Stantasyland is a nice little book of quotes and rhymes. Some are spiritual, some are inspiring, some are funny, all can mean something to someone. Makes a nice little gift for people fans of Chicken Soup and books like that.
