Tears Like Rain Connie Mason

As untamed as the prairie, as free as the wind, she hates what white men are doing to the Cheyenne. But spirited Tears Like Rain risks her life to save a cavalry officer and make him her slave. Although the Indians have beaten and stabbed Zach to the brink of death, the real torture doesn't begin until he loses his heart to Tears Like Rain.

THE TABLES ARE TURNED IN THIS STORY, WHEREBY THE MALE LEAD BECOMES THE SAVAGE'S SLAVE INSTEAD OF THE OTHER WAY AROUND. IT'S DIFFERENT AND I LIKED THAT SHIFT OF POWER, ESPECIALLY IN THE CIVIL ERA.

OUR HERO was captured and wounded by the Cheyenne, and there is no love lost between the Indians and the Whites. Believing that he was a goner, the beautiful half-breed who caught his eye saves his life by claiming him as her own slave. Zach is perplexed as to why Tears Like Rain insists that she is Cheyenne when it's obvious that her parents were whites. Her gray eyes were a dead giveaway. Despite his situation, Zach finds himself enamoured of this white savage, and given the freedom to leave, he refuses to go home without Tears Like Rain/Abby. Why? It should be obvious enough to you. I like that Zach wasn't an asshole, and he does truly try his best to protect Abby and I'm glad there wasn't the usual dramatic misunderstanding in this story.

OUR HEROINE was raised by the Cheyenne people with her brother, Ryder/Wind Rider when their parents were killed by the Crow people. Age 20, she believes herself to be Cheyenne and is pretty much in self-denial that her heritage is Caucasian. When her people captured a white man, she's disgusted by him and watches as the villagers physically bully and taunt him. To say she was prejudiced and brainwashed by the friction between the whites and the Indians was an understatement. I believe her to be VERY prejudiced for something she should know better than to just judge without knowing. Zach is the only one who stirs her passion and it's not long before she succumbs when she returns to civilization and eventually marries the man.

OVERALL it was a typical Connie Mason story but, it held the qualities that made the story enjoyable and interesting. It's not the BEST but it's still a great story to pass the time.

Connie Mason done it again with this book! I hardly like stories about wild west and American Indians, but this book just made me hooked. I like Connie Mason style of writing, with this it comes with real history about the Sand Creek Massacre. I have learned something about this book and at the same time I have a story that I can imagine and put me into a different world. Since this is a romance novel, this is not of those cheesy stories (at least for me). It is more of adult romance, I enjoyed her erotic scenes in this book. I can't wait to read the next 2 trilogy.

Loved the heroine. The story was historically accurate (which was great). The conflict was en-pointe. But the hero? He felt wooden and one-dimensional. Never got around to loving him.

Eugenia says

It's written like fanfiction by 14 years old teen. After so many historical novels this one is not worth reading at all!

5/5 stars. I loved this book. Everything was perfect, the characters, setting, plot. Zach and Abby's (Tears Like Rain) romance was beautiful and full of passion. I cared for the characters and what happened to them. This book has more of a deeper meaning than being a romance book, prejudice and discrimination were major topics and are needed to be discussed more thoroughly in society. Also, learning from a new perspective (Native Americans) was refreshing. I realized how wrong it is to take something and not give in return, being greedy is never a good thing. I learned more about the tribes culture and customs, which was interesting. Overall, I would definitely recommend this book and reread it in the future.

The best in this little series. There is great development in plot and character with a very interesting story line.

This is book #1 in the Tears Trilogy and should be read in order. #2 is Wind Rider and #3 is Sierra. I enjoyed all three in this trilogy.

This is Abby (Tears Like Rain) and the sister of Wind Rider and Sierra. She and Wind Rider (are raised by a group of Indians). Sierra was the youngest and was sent to live with her relatives.

Connie Mason has a way of telling a story that even after I've become acquainted with her formula I still gnaw my nails to the quick and rack my brain trying desperately to figure out - how in the world these two people will ever find away to be together - and sometimes- how in the world these two people will even find a way to survive.

This was such a good read - as she seems to always be. I don't devour too many books like I do a Connie Mason book. If you're looking for a quite accurate historical read you've found it but more than that if you're looking for lust, adventure and love - if you're looking for a book that will turn you on, woo you a book that will flip your heart in circles then I recommend not only this book but Connie Mason in general.

This is #1 in the series. Very good book. Abby is the sister of the Wind Ryder and Sierra. She was captured and raised by the Cheyenne. Zach Mercer is caught and brought to the Cheyenne to be killed/torched, but she asks to make him her slave to save him. Great love story. I really liked this entire trilogy. Connie does write some pretty hot love scenes in these older romance novels.
