First surfacing in France in the 18th century, *The Black Pullet* is a guide to the construction and use of magical talismanic rings. With the use of these rings, people attained extraordinary powers. Perhaps the most wonderful secret revealed is the power to produce the Black Pullet, otherwise known as the "Hen with the Golden Eggs." Unlimited wealth was granted to the person who achieved the creation of this incredible Hen. Includes complete instructions for creating the Black Pullet.

## **From Reader Review The Black Pullet: Science of Magical Talisman for online ebook**

### **Joseph F. says**

A strange curious little book about a French soldier in Egypt who discovers that an ancient person is living in one of the pyramids!

A revered figure, he teaches the soldier all the secrets of magic, such as traveling great distances, commanding spirits and turning invisible. He does this with the use of Talismans. For those who are interested in magical grimoires, this is worth checking out.

Many cool images.

### **Tim says**

It was cheap....otherwise, I bought it just to have it. After reading it, it was a remarkable story, but that's pretty much all.

### **Äsruþr Cyneapsson says**

One of the 'disputed' grimoire's, I found this to be a fascinating work. The rituals and symbolism referenced within the text, along with the initiatory tale, prove to be both fascinating and workable.

For those able to make use of systems extending beyond the mainstream, such as those of Simon's Necronomicon, then there is some real value here.

### **Roge Roger says**

Talismans for the win.

**Austin Case says**

Fascinating book. Unlike most grimoires this text has a narrative quality. It almost reads like a fantasy novel.
