### **Randy says**

You can't always get what you want...

---

### **RJ Pritchett says**

#### **Amazing issue**

This issue was so beautifully done, and also shows why Negan is so beloved by fans of TWD. I don't want to spoil anything, but this is a must read I'd you're a fan of TWD comics. Can't wait for the next one. That wait is probably going to kill me. \*sigh\*

---

### **MGV says**

One of the best issues ever. I really like Negan character, and how his character evolves during the last 75 issues of the twd that he is part of. He is not just another villain, without the ability to feel emotions, just a plain sadistic killing machine. He is different, he misses his passed wife, he even thinks of her every single day. The way he feels about his wife, the fact he is somehow sorry of all the evil he had caused contradicts his evilness. I think these contradictions makes this character even likable.

---

### **Nicole Magolan says**

Ah, Negan.

I don't think I'll ever be able to love such a horrific character the way I love Negan. He is so interesting and unpredictable. This issue delved into his daily life, out on the road all by himself. I am always fascinated by what is going on in that head of his. This issue delivers. We have great insight into who is is now - or do we? You can never tell with Negan.

This issue also delivers a brilliant confrontation with Maggie. Full of emotion, and concluding in a very satisfying way. This is the best issue since #167. (though of course...it not AS good)

What will Negan do next? Or is this it for our favourite TWD villain? I expect he'll show up again in the future. But will he be a friend or foe? Whatever the case may be, I know he'll bring that shining personality. Can't wait! I hope the series keeps up to this quality.

---

### **Char Dauterman says**

We follow the solitary life of Negan as he faces his demons.

Hmm. Not really sure what to say about this issue. I've been waiting for the Negan/Maggie resolution for a long time but I'm not sure this is what I was expecting. I also have looked forward to seeing how Negan is faring on his own without his followers. I can't say much without giving the story away but what I can say is that this issue definitely covers all that which is why I rated it 4 stars. I look forward, as always, to the next installment.

---

### **Michael says**

Is he gone? Is he back worse than ever. I think it would be a while before we know.....

---

### **Nicole says**

A FAVORITE GRAPHIC NOVEL SERIES'

---

### **Joshua says**

Have to wait another month to find out about the group that went to Ohio. This was a quick Negan centric issue and his solitude after Rick set him free. We learn more about his wife Lucille and his regrets for what he has done. His and Maggie's arc seems to come to a close now and Maggie appears to be ready to let go of Glenn and move on with Dante.

---

### **Derek Neveu says**

I really enjoyed this read, but I don't buy the emotional roller coaster that Negan went through, a lot of it just rang false to me, and I couldn't get by it as a result. That being said, I love Negan focused stories, because boy that man has a gift for the English language! ?

---

### **Ashlei Peavie says**

What will become of Negan...

---

### **Dimitris says**

Ah... fucking Kirkman did it again!

I was completely disgusted by what Walking Dead was for the last 3 or 4 issues and it was going downhill FAST!

It got SO damn boring and cringe-worthy with fucking cringy dialogues and disgusting 2017 trend social views and whatnot that I was ready to take a pause on this series.. but.. I knew that this issue would be about Negan and where he is now and what he's doing so I said, hey, let's give it one more chance cuz c'mon.. it's Negan.

And it was GOOD.

Lots of fun scenes and great chat between Negan & Maggie (finally) that it sits well with me and it's just solid. The writing & the artwork.

Hope it continues like that and it drops every bullshit we got previously.

---

### **John says**

#### **Maggie/Negan a long time coming**

I enjoyed the resolution of Maggie's revenge seeking disdain for Negan's introductory shellacking of Glenn's noggin. It was a long time coming and handled well.

---

### **Aldo Haegemans says**

So intense, So powerful.

---

### **Robert Grant says**

To be brutally honest, after all that this Negan has done and the ridiculous way that he is written; a big disappointment in the conclusion of this story. I think the writer is too afraid to pull the trigger on this characters just fate. It is holding the story back. In my opinion, the comic and the TV series faltered badly with the introduction of this character. They never really recovered and got on track.

Am I the only one that finds Negan to be a complete ass hat?

---

### **Josè Molina says**

Un dibujo excepcional, para un capitulo donde la verdad, se ha demostrado que Negan es un personaje inolvidable y uno de los más iconicos de este comic, puedo decir que me dio pena en cierta parte, pero también me deja con la incertidumbre de que será de él, maggie demuestra ya sopesar el dolor, y ahora

comprender a Rick, agrego jajaja que tuvo bastantes groserías el capitulo, eso no podía faltar.
