OK-I haven't colored all the pictures, but I have looked at every page. I bought this book in the hospital gift shop. Very nice semi hard cardboard cover. single page pictures on thick paper. Many Many pages have bible quotes and some poetry,. I can't wait to get started on this one. in the back are pages to color book marks-greeting cards and gift tags. I'd recommend this book to everyone who is into adult coloring and wants a book with lovely pictures.

This is a pretty good Christian adult coloring book. I loved the designs in it and is good for anyone who likes to use mixed media on it like color pencils, markers, crayons, pens and more. Look for this wherever adult coloring books are sold.

Paper: Medium quality paper

Single Sided: Yes

Perforated Pages: Yes

Book Length: 128 pages

Genre - Christian Coloring Book

Full page pictures, postcards, bookmarks, and tags

This is one of my favorite coloring books. There is a lot of variety in the pictures. There are quotes, wallpaper pages, mosaics, and even bookmarks and postcards.

Each design is unique, there is a lot of variety. You can see that the artist took care with each page. This is a great first book, as you do not feel like you are coloring the same picture over and over again.

The paper is closer to 30 weight. It will bled through with sharpies, but is fine with colored pencils. The pages are perforated and it is very easy to take them out. Doing so does not interrupt the design.

The book does have a Christian theme. There are several quotes, with very nice matching designs. They are great for decorating a house, and I have given away one as a birthday gift. However, not every page is a spiritual quote. There are also nice designs, nature pictures, and a few just fun pictures as well.

My only con would be that the bookmarks and postcards are not individually perforated. You would need to cut them out by hand.
