??????? 1 [Mousou Elektel 1] Yonezou Nekota

Shunpei and Fumi are best friends and neighbours. One day, Fumi tells Shunpei he might be gay and has agreed to go out with another guy in school. Shocked at this sudden confession (but very accepting), Shunpei questions Fumi about all sorts of things regarding his newly-discovered homosexuality - subtly aware that he's disappointed that Fumi picked someone else over him - and, upon meeting the boyfriend, cannot take that Fumi chose someone who was more or less normal... like Shunpei!

Lex says

Devoured all of this in one day. lol.

Sheziss says

A fluffly (but sexy) romance among teenagers!

OMG this made me laugh SO HARD! It's not the childish sense of humor I usually find in manga, but a 'clever' sense of humor that totally won me.

Shunpei and Fumi are friends since forever. One day Fumi confesses he's gay, and he's going out with a nerd known as the 'President'. Shunpei is hurt, not because Fumi is gay, but because Fumi didn't choose him! How outrageous!

Shunpei has always liked girls. However, he can't stand the idea of Fumi being with someone else, so he tries to get Fumi back. But Fumi doesn't want to be just friends. He wants it all. Reluctantly, Shunpei starts a love relationship with him. Little by little he discovers it's exactly what he wants and it becomes easier for him to surrender and get rid of all the restrictions he finds in himself to be with Fumi. And the process is full of obstacles, mostly provoked by himself.

Anyway, it's incredibly cute and with lots of hilarious scenes. I love Shunpei's sister, she's the boss!

This author really knows how to draw (figuratively and literally speaking) every one of the characters and give them depth, even with the deceptively superficial impression the story gives. I really enjoyed this series!

Uhm, speaking my mind, I do like this author pretty much. My cousin recommended ?????? 1 Hidoku Shinaide 1 to me and I loved that series to pieces, too. So I'm glad to have this awesome new author in my to-read list.

Volumes in the series:

Lucy Westenra says

Muy diver (menudas ocurrencias xDDDD) y hot! I'm in :D

Kashii says

I loved this manga.

Veronica Purcell says

Oddly enough, I didn't enjoy this as much as Hidoku_Shinaide. Maybe because I found Shunpei quite frustrating at times and I didn't get Fumi at all. For me, as a reader, I felt they were living in their own fish-bowl world and I was stuck outside with an expired ticket; banging on the doors to let me in.

Having said that, the artwork is brilliant and spot-on as always.

Sarina says

4.5 ?

Agghh boys love mangas always make me happy

Annelise Lestrangle says

review coming as soon as I'm done with the series <3

Kassilem says

This volume includes chapters 1-7. The artwork was what caused me to pick this graphic novel up. I'm a sucker for good artwork. I've also enjoyed the story. I like that Shunpei has nothing against his best friend suddenly telling him he's gay. He also handles his confession fairly well too, even though he is obviously scared of what happens. It is all very new to him. He's my favorite character. The two side stories near the end weren't totally appreciated – I'd much rather stay with Shunpei and Fumi's story, but perhaps the two stories intertwine later on. The volumes are fairly graphic so adults only please. It was a enjoyable read for a less busy weekend than normal.

Ashley Chen says

First hardcore yaoi manga I read. Thanks Gianne. :3

Merged review:

OOOPS! Forgot to put this as "read". THIS IS LIKE PERF! I loved everything about it. It was so cute! I think this was like the first yaoi/BL manga I'd read. Thank you Gianne for recommending it to me and opening the world of boy x boy manga for me. ^/////////^

Mayu says

(RESEÑA TOMO UNO AL CUATRO)

4/10

Si queréis leer el porqué de ese 4 y sobre mi querido niño de esta serie pasáros por:

<http://saranghaeunnie.blogspot.com.es...>

Os espero

Venus Maneater says

This is definitely one I'd recommend to yaoi/BL fans.

Even though there *is* quite some smut in this manga, it feels less like fan-servicey and pandering than most yaoi manga do. Shunpei and Fumi are an adorable couple, and the way they're both puzzling out their sexuality is funny, cute and very recognizable.

Yenny says

I like that relationship of bestfriends becoming lovers, but it was not-great-enough somehow.

Yue says

Funny, sweet, and nice art, a perfect combo. I love this kind of story, it could go so well with a YA novel. The friendship between the two guys is one of my favorite things, and that since Shunpei is going to be the "neko" he is kinda anxious, so anxious they delay things a little bit. They really love each other but at the same time, are the best pals. And I like that neither of them is a virgin, avoiding all the silly things that happen so many times in yaoi. And that Shunpei, being bi, is still interested in watching straight porn (the chapter about the porn was hilarious). Super cute <3

Nessa says

this is for the whole series, from old blog

One of my utmost favorites is definitely Elektel Shinaide. It approaches both sex and relationships with a degree of realism without drama or angst. From the first page, you know it's different.

One day, Fumi confesses to his childhood friend, Shunpei, that he is gay and that's how the story starts. I'm not going into spoiler realm, but I loved Fumi's and Shunpei's relationship as friends, and it made me wonder why they never got together before.

Not only is Nekota Yonezou's art fabulous and beautiful, plus her sex scenes super hot, but her approach to this story was amazing. Not only did she touch upon preparation for anal sex, she also touched upon that anal sex doesn't feel good from the start, amongst other things.

Plus this is super sex and relationship positive, no rape to be had here!

MaDoReader says

Gracias, gracias, gracias a Sara por hablarme de este manga: Shunpei y Fumi #4evah

Lo que me estoy riendo con esta historia no está escrito, si a eso le añades que me encanta el dibujo y que la mangaka es bastante transgresora, el cóctel es cuasi perfecto, quizás es lo simple de la historia lo que me hace no darle las 5 estrellas, pero está rozando mi Olimpo del yaoi xDDD

¡¡¡¡¡Altamente recomendable!!!!!!

PD: por Dios que lo licencien ya en inglés o en español, ¡quiero una copia!!!!!!
