Tyler Cole is living his dream. By all accounts, he's a rock star and one of the most sought after bachelors in the country. He has money, fame, and fancy cars. But when a bad storm in Salvation, Indiana, brings his hometown into the spotlight, Tyler remembers the one thing that he doesn't have- Emma Wellington.

Over a decade ago, Tyler and Emma ended their romance. Tyler moved to Nashville to chase a record deal while Emma finished college and applied to law school. Life had no reason to bring them back together, but that's exactly what happens after the storm.

Tyler returns home to help rebuild the town he managed to forget, and along the way reconnects with the woman he never quite got over. But life in Salvation isn't easy, and Emma has been keeping an important secret from him for over a decade. Now Tyler is about to question everything he thought he wanted, all the while fixated on the one thing he can't have.

When life throws them yet another curve ball, Tyler and Emma must find a way to leave their past in the past and focus on the only thing that has ever really mattered to them- love.

#### **Just Okay...**

This is a good story arc but after a few chapters, when the hero and heroine reconnected, it just fell flat. It just feels like a good chunk was missing from this story. For example, how did Tyler, Emma and T.Js lives jell after he has known about his son? Or, did he just leave his rock star life? He didn't say he would. Stuff like that. There are too many books in this genre for a mediocre stuff to be churned out.

#### **Entertaining Romance**

Tyler and Emma reconnect after a decade of being apart. Tyler is now rich and famous while Emma is still the small hometown sweetheart he left behind. The story has so much potential to be a five star read but falls short. There is a missed opportunity to explore a love triangle which would have added the needed angst to give the story more depth. And, Tyler's celebrity lifestyle isn't utilized fully.

Still, the book is an engaging, light read that is ideal for someone who is looking for a romance with closed bedroom doors.

Second chance or a third, Tyler and Emma grow up together became friends at one point that started with a innocent cheek kiss. They were together romantically until college they his dreams in music and making a name took his path away from Emma's for 3 an half years until he showed up at her graduation and giving the school a performance and to see Emma. That one night he left behind more then a phone number. 10 years later Tyler's personal life is almost hitting bottom but his music is still popular. Drinking , music and sex is what Tyler lives daily until a dream woken his a\$\$ up and took him back home to Salvation, IN. There the past comes back and his 'buried deep' feelings come to the surface for his best friend / lover and the only women he still loves Emma but he never thought his Emma would be a mother to a kid. Then he thinking why the father would be a dead beat and leave.... is she married..... dating.... etc. when the truth come out his will have more then his feelings to deal with but the paparazzi shart showing up seeking gossip after his outing and performance with Emma.....
