Ayn Rand Reader

Ayn Rand , Gary Hull (Editor) , Leonard Peikoff (Introduction)

Ayn Rand Reader Ayn Rand , Gary Hull (Editor) , Leonard Peikoff (Introduction)

The Fountainhead, which became one of the most influential and widely read philosophical novels of the twentieth century, made **Ayn Rand** famous. An impassioned proponent of reason, rational self-interest, individualism, and laissez-faire capitalism, she expressed her unique views in numerous works of fiction and non-fiction that have been brought together for the first time in this one-of-a-kind volume. Containing excerpts from all her novels--including **Atlas Shrugged**, **Anthem**, and **We The Living**--**The Ayn Rand Reader** is a perfect introduction for those who have never read Rand, and provides teachers with an excellent guide to the basics of her viewpoint.

Kyle Thomas says

If you don't have the time or inclination to pick up one of her greats... this book is filled with much of what made them so.

Chuck says

A great anthology of Rand's fictional and philosophical works and tying of the two together.

Michael Fortner says

just because its fashionable...

Ellen says

I'm looking for a copy of Rand's "The Return of the Primitive," but haven't run across one yet. This book contains an excerpt of it and other writings.

I think I like her fiction more than the straight philosophy or essays. Her ideas about individualism and self-sufficiency strike a chord with me.

Chris says

This woman is bat shit crazy. Whoa.
