AK loved this book.

## Molly Cluff (Library!) says

Brownie and Pearl are also cute. I like how they always touch on "figures of speech" too, along with the easy text. In this one they enjoy trying on makeup and glitter and feathers.

## Dolly says

Cute story in the *Brownie and Pearl* series, but am I the only Mom who cringes as I read about Brownie applying powder and lipstick, wondering if she got permission to get into her Mom's stuff?!? I would rather not encourage our girls to borrow my things without getting my permission first!

## Molly Ritterbeck says

This pair of characters never disappoints in all the stories I have read. They are all about simple fun and friendship!

## Nicola says

Very simple early reader. Interesting choice of language with 'dolled up' rather than 'dressed up'.

Miss 4 and I like to explore different books and authors at the library, sometimes around particular topics or themes. We try to get different ones out every week or so; it's fun for both of us to have the variety and to look at a mix of new & favourite authors.

Cynthia Rylant has close to two hundred published children's books. We "discovered" her by way of the Backyardigans and have since then been checking out her books as we see them at the library.

Rylant has a new series of books starring Brownie and her cat, Pearl. Eight picture books are planned and a couple of them were released this year. Brownie and Pearl Get Dolled Up is the second of the series.

Brownie decides to play dress up with her cat. Dressing up includes lots of sparkles and other outlandishness. For me the book was ok. Dress up never was my thing as a child and there's no way I'd ever try to dress up a cat. But Harriet adored the book. We read it together about five times and I think she read it to herself at least another five.

## **Rosa Cline says**

Very cute book and easy for my six year old granddaughter to read to me. She was proud of herself when she only needed help with a couple of words I recommend Brownie and Pearl books for beginning readers.

## **Meaghan R. (YA-aholic) says**

this was one of those for beginning readers to read to parents....it was on the easier side, but perfect for girly-girls. she had interest in the book and wanted to know what was going to happen. it's short enough that she didn't lose focus partway through.

Brownie (the little girl) and Pearl (her cat) play dress up.

The Brownie & Pearl series in which the odd idiomatic phrases "get dolled up," "go for a spin," "grab a bite," "hit the hay," "make good," "see the sights," "step out," and "take a dip" are illustrated and explored is extremely cute and a hit with toddler girls. However, my husband and I find the lack of parental supervision

is somewhat disturbing.

**Liz Todd says**

Just adorable. We've read this book over and over and over. Perfect!

**Jean Odom says**

My daughter has all of the Brownie and Pearl books. Although she is almost 10 now and has graduated to reading long novels, she still loves the beautiful pictures and sweet stories of the Brownie and Pearl series. We had many a wonderful story time before bed reading them and they are a treasured collection.

**Alice says**

Great early reader for little girls. The pictures are absolutely adorable, the story is cute, and I think I love Brownie and Pearl. Brownie is a girly girl no doubt but she still is up for an adventure! Really liked this one!
