Claimed By The Pack Anna Craig , J.K. Harper

*** This is a *CLIFFHANGER* short novella that is part of the serial, **Wicked Wolf Shifters**. This is *NOT* a full-length book. Parts must be read in order to enjoy the story. ***

Wicked Wolf Shifters serial, Part 2

Cassandra Wakefield's life will never be the same again. She lost the Wicked Mountain town draw and had to willingly surrender herself, body and soul, to the pack. But something unheard of happened during the traditional initiation ceremony - somehow, human Cassie is the mate of wildly sexy pack alpha Trevor Reginald. And that's very much against pack rules.

Trevor's life has been irrevocably rocked as well. It's impossible for the gorgeous, impertinent human surrender to be his mate. Letting the outrageously sexy woman into his bed, his life, and his heart will utterly change everything. He simply cannot allow that. But not even this always-in-control alpha can predict what will happen when his mate is formally claimed by the pack.

To the reader: This story contains hot sex with all the dirty details, naughty language, characters who say "oh, hell yeah" to the fun times, the potential edges of shifter violence, and yes, a cliffhanger. If that isn't your thing, this story probably won't be either. But if all that sounds great, this short serial is for you!

Stacey says

Trevor the alpha of the pack and who has deemed his Mate . but now the pack wants blood and the mate dead . but where is Mac and Finn at . and who is the Alpha female who wants his mate dead . and what of his brother Thayne . will they make Trevor lose everything or can Trevor save what is most important . to him . this is a Romance Arc book given as a book to review for a honest review .

Sheryl says

I was given a complimentary copy for an honest review by author Anna Craig. This is part 2 of the Wicked Wolf Shifters by the author.

Trevor was called in front of the council because she is a human and werewolves do not mate humans. Cassandra is trying to wrap her head around everything that is going on but some things are still not clear. Being claimed by the pack should keep her safe but when Trevor s brother interferes in things her life is in danger.

The characters were great and their interaction is what made the book so worth wild.

This is for any erotic paranormal romance book lover.

Lana says

This is the second in the Wicked Mountain Wolf Pack serial, which I received via RomanceArcade in exchange for an honest review.

The story is still compelling, and the titular claiming was not what I expected. Yay!

There were a few more errors in the beginning of this part than in the first part, but I noticed far fewer as the story progressed. Still, there were some awkwardly phrased sentences which an editor could have smoothed out.

This part of the serial DID end right in the middle of a scene, and though that's sort of irritating, I think I know enough from these first two parts that I can make some educated guesses about how Cassandra's going to extricate herself from the unfortunate circumstances.

I did still enjoy the story, and if you are a fan of serials, I recommend this one.

? Jessica ? says

This was actually my first read of this author. I don't have book one, but I decided to give this a shot anyway since it's such a quick read and I'm glad I did. In the little amount of time I was able to pick up what had happened in the last book and be left *needing* to read book 3. It was written really well and grabbed my attention from page one. Sexy and suspenseful? Yes, please. On to the next!!

Jenn Allen says

I am really enjoying Cassie and Trevor's story. Things are going a bit deeper, and pulling me in. I am on the edge of my seat read for the next step!

I received a copy of this book and am voluntarily leaving an honest review.

Susan says

Extremely short book, just two or three chapters long. If you read the Amazon description, you would know this.

Cassie is still WAY in the dark about what they're doing to her and what's expected of her. If somebody would tell her something, I think she'd be more cooperative.

Cherri-Anne says

This stunning woman was no mere surrender.

WOW!!! Talk about a fangtastically intense read and it doesn't get more intense than this: Blood was blood, and bloodlines were very important to shifters. But mates were even more important. Don't you wish that all of that could be real?? I know I would! This part follows right from where Surrendered to the Pack (book 1) left off and it does not even slow down so you catch your breath! I bet right about now Cassie is wishing she was back on that gigantic bed watching those 3 hunks coming towards her! Well, okay, she isn't the only one wishing for that! *naughty grin* What I wouldn't give to be Cassie! *dreamy sigh* I cannot believe the actions of the rest of the pack, well at least some of them. I was griping my tablet so hard while reading this part of the story because of the intensity of both the storyline as well as the exceptionally hot, sexy & naughty parts too! His woman. His claim, His mate. Now THAT is spoken like a true Alpha! Now that I have finished this part and have discovered more about who Trevor is and how seriously he takes his Alpha duties & his loyalty to the Pack, I felt that I was starting to comprehend just how huge his responsibilities are and impressed and a little awed with it all. I think I would go so far as to say that I am also starting to understand, not agree with, but understand, that the way that things are done, they are done for a real & honest purpose. Even if it does seem a lot crazy & archaic! You will have to read it for yourself, then you will see what I mean. I am blown away with just how rich & deep this storyline has become, with all of the barbaric laws & ways the Wolf Pack still follows, the actions of bitter wolves, this unique story that is so beautifully written and with just how much I am loving it all!! I cannot wait for the rest of the story! Anna has definitely made a stalker/fan out of this reader and I am eagerly looking forward to reading all of her books for years to come!

Cassandra says

My Thoughts - 5 out of 5 Unicorns - I loved it!!!

***Received a copy of the ebook for an honest review

I have seen two covers for this book, and I think I like the one with the blond and the blue-eyed wolf in the background :) Very sexy :)

This is the 2nd book in this serial novella series. It is for adults only due to the steamy content. This series is not yet complete, so this means cliffhangers and this one has a huge mother of all cliffhangers that had me cursing because I want to know what happens....but I loved reading it.

This is definitely an exciting world that Anna Craig (J.K.) has come up with. I was so enthralled and screaming when it ended. Her descriptions make the story come alive in my head. Lots of things going on in this book though still plenty of questions rolling around my head and I want more!!!

Of course, Cassandra rocks, and now Tamsin is another woman who I admire and like a lot...lots of spunk!! I definitely love Trevor now too!! Several pack members are definitely not to my liking because they need their butts kicked, but I do not want to give anything away. I completely loved reading this though it ended much too quickly...I need more!!!

I highly recommend this serial to my wolf lovin' friends who love screaming when the book ends because of the devilish cliffhanger that leaves you screaming for the next book!!!

Louise Nunn says

a short episode that will keep you enthralled with the story

The drama of this story is kicked up in this part of the plot, which made it a fast read. I know it was ending in a cliffhanger but it was still frustrating when i hit it, because, hello? The schtuff was definitely hitting the fan! I'm still in love with the characterizations and will hopefully be able to read the next parts without interruptions.

Sherill says

Anna's gift truly sparkles as she lures you into this captivating heart-pounding story. With vivid details she holds the reader till the very last word....

Cassie is now the all powerful Alpha Trevor's mate. Trevor now has to prove to the council that even though Cassie is human she is worthy enough to be his claimed mate; the ancient ways state a human cannot be the mate of the alpha, they must be killed. Trevor introduces Cassie to his sister Tasmin who has a plan that astounds the alpha.

This is a thrilling shifter story; impressive and engaging characters; sexy powerful shifters, stunning females, banter, an extremely agitated alpha shows his dominance, scorching pulsating romance, reveals and an ending that will have you wanting to beg the author for the next book now!!!! {I received an arc for an honest review}. Without reservations I highly recommend this book and I do want the book now!! Loved it....

Michelle says

This novella is a continuation of the first story in the series and cannot be read as a stand-alone.

Cassandra had no idea what would become of her when she became the sacrifice to the local werewolf pack but mate to the alpha was no where near what she imagined. Trevor never thought he'd find his mate in this sexy human woman but now that he has her he will not let her go. The rest of the pack is not happy, though. Having a human in control of the pack is not at all what they want and they will stop at nothing to remove Cassandra from her position. Including death. Interesting, sexy read. This is a serial so you'll need all four parts for the full story but a good continuation of the storyline.

Catherine Marie Meyer says

ouch

i was not expecting such an addictive story, or expensive one. really good suspense, why not offer as a multi book sale.

Sandy Digger says

More of Trevor & Cassandra

I would have given this book a 5 if it hadn't ended in a cliffhanger. I think the author has a very good story going on but I hate when you are left with a wolf lunging for the kill and you have to give up the story or buy the next book. So yes, great story of the struggle for a mere human to be the alpha's mate, but if you don't like cliffhangers don't start it.

Donna Hokanson says

Cassie become Trevor mate

Through the claiming by the pack, Cassie is officially Trevors mate. No one from the pack may harm her. But that doesn't mean someone can't get an outsider to do it. Very hot and very exciting to read. Looking forward to the next installment of the series.

Karen says

****Copy received in return for an honest review****

This second installment in the serial is hotter and more suspenseful than part one. I can't wait to see how Trevor and Cassandra deal with the evil machinations of his jealous older brother, Thayne. It's time to call in the troops.
