Coke with a Twist A.W. Hartoin

Mercy Watt's P.I. father ropes her into another investigation, this time to find the truth behind a young woman's rape. The case takes her from a dive bar to sorority row to the gutter, and unless she solves it fast, the case will be her last.

Toi Thomas says

This is your basic detective story run down with a pretty woman in the lead. Mercy, a Marilyn look-a-like, goes undercover at shady bar to help her dad solve a missing person's case, which turns out to be pointless in her efforts, but does serve a purpose near the end of the story. It's a very short read that packs in quite a bit of detail, stats, and imagery, leaving the reader feeling as if it has been a longer and equally satisfying read.

The story line was pretty good with just the right amount of twists, right down to the pun in the title. A guy goes missing after a girl he's involved with is drugged and abandoned and then brutally assaulted. Everyone wants to know what part the missing beau had to play in the girl's attack, since he was the last one she was seen with before the violence ensued.

I'm pretty good at solving tv and movie crimes and mysteries, so I wasn't disappointed when I figured out "who done it" before the big reveal... beside it was still a pretty good reveal. This is a great read for sitting in waiting rooms, traffic, or any other waiting scenario.

I think this is a good short read for any mature teen, pending parental approval, and adult who wants an easy read filled with suspense.

LLona Cunningham says

This whole series belongs on the TV screen -- and I'll set my alarm to make sure I don't miss it. It's the kind of short piece that can hold the fast action without wearing out the reader's attention, and uses the kind of characters that will keep me looking for the next one. Giving the protagonist a nursing career and a PI's license is pure genius in my opinion.

Jodie Carpenter says

This short story came with a box set of books 1-3 of the Mercy Watts series. I thought it was a fun read - it was easy to get into & gave a brief introduction to Mercy & the cast of characters that I'm sure will be in future books. I'm now looking forward to reading the first book.

Jennifer Jimmerson says

I found this book for free on Amazon, and liked the cover, so I thought I would give it a try. It was pretty good. Strong, smart female solving a crime as backup for her dad's PI company. Good story line. Quick ending. I would have liked to hear more about what happened when the criminal got caught. Good ending though, lighthearted. I'd recommend it.

Teresa says

Nothing riveting. Okay for a short story.

Jai says

This early on short story features the ever lovable Mercy Watts accidentally solving a sorority/fraternity crime while introducing us to Skanky the cat, lecherous "cousin" Chuck and other of Hartoin's delightful characters. A good quick read.

Heather says

A super fun introduction to Mercy Watts, my newest favourite reluctant detective. This short story has a pretty simple mystery at its heart (I figured it out well before the end), but its charm lays in the characters. I didn't think I would like Mercy at first, but her flaws and presence on the page make her the kind of person you can't help but want to read more about.

I can't wait to read more Mercy Watts stories.

(I received a free copy of this story in exchange for an honest review.)

Skeeter Jorgensen says

Short story, not Bad reading, just too short. I will read more A.W Hartoin

Elizabeth of Silver's Reviews says

A great mystery with great characters. The main character, Mercy Watts, will win your heart from page one. She has no problem filling in for her dad as a spy for one of his cases or for getting in trouble because of her task.

The book is short, but packs a great story into the few pages. I enjoyed the book and the characters. If you are looking for a good mystery with a new "twist," check out this book. Enjoy!!

Wendy says

I really liked it. I bought the book set because I needed something to read and it was cheap. I didn't expect

much but I liked this short story. It's a good introduction to Mercy's world and it really sets up the books nicely.

Kristine (A Cozy Booknook) says

This is a short story that packs a lot in so you feel as though it is a full length book. The characters are well written and full of depth. I can't wait to read more of this author's work!

Sarah - All The Book Blog Names Are Taken says

A much shorter short than I was expecting. Almost like, what was the point? But still better than the first novel I read. Predictable but not a bad way to spend 20 minutes.

Bev says

Mercy, a Marilyn Monroe look alike is again helping her father with another case. Now she is trying to find out who drugged a college girl and set her up to be attacked at a party. This is a cozy mystery with many surprises....including the ending.

Lyndsay says

This was the first Mercy Watts Story that I read. I enjoyed reading it and wanted to read more.

Lucretia Ward says

Great appetizer into Mercy's crazy world.
