**Hwei Ming Fan says**

I got one right. :D

---

**Stephen says**

Sixty-five books in and Donald Sobel just keeps going!

I used to love these books as a kid and after coming across a few at a thrift store am finding that they make great bathroom reading now.

---

**Ian says**

Encyclopedia is getting to find what is going on with this mysterys going on in his town.Nothing can stop him from doing what he do.Sometimes his enemy wants to stop him.Go to 4-6

---

**Angela says**

meh, pretty old fashioned.

---

**Brayton says**

Encyclopedia Brown is cool. The mystery is a surprise until the very end. I like to guess who the bad guy is going to be.

---

**Caleb says**

i liked it

---

**Katie says**

A great childrens series about a young boy detective. He solves the mysteries that go on in his town with the help of his friends and insight from his father the police officer.

---

### **Sam says**

Good, but not great, like all other E. Brown books. Encyclopedia's adventures are still drab and dull as usual, and the only enjoyable part about this book was during that one case where one dude very descriptively got beaten up. (SPOILER ALERT!) Pretty old-fashioned book, so it deserves nothing better than a "meh."

---

### **Canavan says**

☆☆½

---

### **Amy M. says**

I remember loving these as a kid. Reading them as an adult, I find them very old-fashioned in an aw shucks kind of way. I can't really imagine a kid today would have much interest in them.

Best part of the book was when Sally beats up an older bully. Making a pretty girl the muscle? I guess that's why I liked them as a girl...

---

### **Eric Summers says**

When I was younger I devoured every Encyclopedia Brown book I could get my hands on. I would read and re-read every one of them over and over again, enjoying the characters and the stories even though I already knew the solution to each mystery.

Unfortunately, in a world of Reading Counts and Accelerate Reader programs, the constant re-reading of the same book over and over again that gave me the fluency I have today is no longer encouraged. Quantity of books is favored over quality and students judge a book not by the story that awaits inside but by the number of "points" that the story will give them.

---

### **Catherine Woodman says**

I loved the Encyclopedia Brown series as a kid, tho' I could not get any of my kids fired up about them
