Financial Management for Nurse Managers and Executives Steven A. Finkler , Cheryl Jones , Christine T. Kovner

Covering the financial topics all nurse managers need to know and use, this book explains how financial management fits into the healthcare organization. Topics include accounting principles, cost analysis, planning and control management of the organization's financial resources, and the use of management tools. In addition to current issues, this edition also addresses future directions in financial management.

From Reader Review Financial Management for Nurse Managers and Executives for online ebook

Robin says

Read in Fall 2013 for NURS 690, Managerial Health Finance.

Judy says

Finklers Nursing finance books are always comprehensive and informative.

Virginia says

A good resource for those new to the financial aspects of nursing management.
