Mermaid Melody: Pichi Pichi Pitch, Vol. 3 Pink Hanamori , Michiko Yokote
DEEPLY IN LOVE AND DEEPLY IN TROUBLE!

Mermaid princess Lucia Nanami has survived several villainous attacks, that also threaten her fellow princesses, her relationship with her beloved, Kaito, and the health of the seven seas! When the evil Gackto captures one of Lucia's allies, she has no choice but to gather a rescue party and head to the deepest part of the ocean to confront her enemy. But in the deep-sea castle that is Gackto's fortress home, the magic of the princesses' pearls won't work. How can a girl survive in the enemy's lair with no more powers than those of a normal teenager?

Erin says

this was my 1st mermaid melody book and it was awesome

Daisy says

As posted on my blog Amartians.nl

Review for the entire series

3 out of 5 stars

Mermaid Melody is a 7 volume manga series about the 14-year old mermaid princess Lucia Nanami. Lucia Nanami is the mermaid princess of the North Pacific Ocean, sets out on land to find the boy that she had saved from a tsunami wave seven years before the beginning of the story, to whom she fell in love and had entrusted her pink pearl. She eventually finds the boy, but she can't tell him who she really is; otherwise, according to mermaid legend, she would turn into bubbles and disappear.

At the same time, a group of water demons has invaded the sea world and she must gather six other Mermaid Princesses and their pearls to bring back the legendary goddess Aqua Regina to stop them.

The story of Mermaid Melody is sadly kind of lackluster, even though I really loved the anime as a 12-year-old. The art is all over the place and from time to time downright bad. The plot is something completely else, as every chapter builds on the same boilerplate of going to the sea, encountering water demons, defeat them by singing (???) and going back to the Surface. half of the volumes felt unnecessary to the story, which is a shame because the initial potentials was there.

The characters all feel cut out of the same wood as well, especially the 3 main characters Lucia, Hannon, and Rina. they're all mermaid princesses that came to the human world because their kingdoms got destroyed and/or their pearls stolen while staying there they fall in love with a human and not being able to confess, which frustrates them a lot.

All in all Mermaid Melody had a lot of potentials but doesn't live up to it at all. even as a trip down memory lane wasn't that good. sadly, I definitely can't recommend it at all.

Mariah says

I'm trying to find manga that I like. I guess I'm really picky. I really liked Attack on Titan!

Anyway, I picked this up because it had to do with Mermaid Princesses. However, I was really disappointed. I basically finished it so I could finish it. I didn't really understand the story all that well.

I wouldn't recommend.

Jamie says

I really liked this part of the storyline because Lucia reveals her mermaid form to Kaito but does not tell him that she is Lucia because supposedly if she told a human that she was a mermaid, she would turn into bubbles. That made me wonder how their relationship would work out because Lucia believes that he loves only her mermaid-self and not her as a person. I really liked this part because the three mermaids, Lucia, Hanon, and Rina enters the castle of Gackto. The enter and he shows them what he will do to them and how they will never be able to defeat him when the war comes. And the best part is, the mermaid that is working for Gackto is beginning to reveal herself: she has long black hair. But I thought that was weird since each mermaid had their own color to represent themselves.

Sesana says

This remains a guilty pleasure series for me. I like it because of the mermaids, but I know that I wouldn't be half as into it if they were, say, angels instead.

Pamela says

4.5

Hannah says

Is this a 3.5? A 3? Who knows! The usual problems of the series remain, but the plot has picked up even more, and the result is a read that's both more interesting and still frustrating. In the end, I'm feeling generously enough towards it to rate it a 4 instead of a 3.

Victoria says

Is a great book to read

Miss Ryoko says

Took me forever to finish reading this... I can hardly remember the first half of it. Lol... it was probably

alright.

Leila Anani says

Another super-cute instalment of the mermaid melody saga - this one introduces Caren and Noel Antarctic/Arctic mermaids - taking the total to five. Oh and two new villains Sheshe and Mimi, bringing in a little goth. Hippo gets a human form and cute little wings - which gives rise to a splash page where the mermaids have wings which is rather nice... if a tad random.

Still feels a little rushed, as there's lots of characters and lots going on, but the artwork's lovely. Get a load of Kaito's bath scene with the strategic smoke cloud.

Starbubbles says

if you're not addicted to the series yet, nothing will ever get you there. you have broken hearts, betrayals, romantic confusion, kissing, singing, and possibly good-byes. this is what makes the books so much better than the tv series (and the series was great by the way). you don't have to fast forward through all of the songs and waste 15 minutes watching them do their various transformations (see, very much like sailor moon, and just about any other superpower crime fighting anime ever produced). but, making a cd of the songs and playing it while reading would probably just enhance the whole experience.

Mai says

i just reread my fave childhood manga i ??

GigaBuri (PeachyFishyBooks) says

Story: 2

Art: 4

Characters: 2

Total: 2.6

Jennifer says

Wow :) Loved it :) so much happened in this volume, new mermaids, & also new enemies introduced, and Kaito and Lucia's relationship becomes much closer :) and its a really good volume of this series, I enjoyed reading it & look forward to reading volume 4 soon :)

Amyhsueh says

This book is a good book.
