## **Onyx Night** Autumn Jones Lake

When her parents are taken from her too soon, Onyx Night is thrust into a secret world and discovers something about herself she could never have imagined.

Onyx Knight has yearned to leave her tiny hometown behind for years. With her parents' support she attends the local university where she has developed a not-so-innocent crush on her Medieval History professor, Cole Radcliffe. A family tragedy thrusts Onyx into a secret world she never knew existed and she discovers something about herself she could never have imagined.

Family friends promise to help Onyx through this transition, but they demand certain things in return. Things she can't—and will not—give. When it becomes clear they are willing to get what they want from her by force, Onyx goes on the run.

Cole Radcliffe has his own secrets. When he finds Onyx in need of help, he takes her in, against his better judgment. He plans to keep her safe, but how can he keep her safe if he can't even protect her

# From Reader Review *Onyx Night* for online ebook

## Lisa Adams says

The Verdict?

Totally brilliant! The cat and mouse chase is thrilling, the sex is well written, and I absolutely love the paranormal were-cat. Not many out there are just regular house cats, most involve the big cat variety. But, I cannot express enough how well the author seemed to get into the mind of a cat! The high and mighty attitude, the curiosity, even the movements. I was completely enthralled! (As I myself am a cat person, there is some bias there. Sorry.) As this was just the first in the series, and the second has already been released... I know what I'll be reading over the weekend! "Onyx Shadows"!

*Onyx Night* is a quick, light read about a werecat and a sorcerer with a nice balance of romance and action. Great start to a series!

## Daniele says

Another great book by a skilled author. I'm a huge fan of her MC series, so naturally I couldn't wait to read the start of her new series. The chemistry between the H and h is flaming hot, but doesn't overshadow the intrigue and mystery. Looking forward to book two!

Got this as a free read and really loved it.

## **Izabelle says**

I love AJL's Lost Kings MC series and I love PNR, so I had to give this one a try.

Onyx Night is the first of a trilogy. We get to meet the characters, learn their backgrounds. It's a fast-paced and very steamy novella. So if you love shifters, insta-love and hot scenes, this book's for you.

I'm curious about what happens next and yes, I'm a fan of Cole's.

I voluntarily reviewed an ARC of this book. My rating is 3.5 - 4 stars.

Hot, hot, hot!

(I hope this isn't a spoiler\*)

I love the whole shifter in heat trope. Plus, there's a sexy professor! Love the whole forbidden professor/student thing. There aren't a lot of domestic cat shifter books out there, so this was a gem to find! Very promising new series!! Ends on a cliffhanger, so I was happy to find the second book.

## **Grace says**

Everything I love in a paranormal, shifter romance and a little something I like from mainstream romance.

Solid story. Sets the tone for the series. Very hot romance between the two main characters. I like that Onyx is a strong character. She needs Cole's help but also uses her own smarts to get the job done. Had to auto-buy the next book!

Spoiler

A little bit of professor/student love story = HOT!

Shifter going into heat, needs to mate = HOT!

First time = Hot!

\*Got this as a free read during promo period.

#### **Magical story**

So I love this author's other works and was intrigued when she released this story. Naturally I was curious and snatched it up right away. Little did I know, it would be a great story that I devoured. The only downside was it ended too soon.

Onyx - such a strong and independent character. I liked how she was written and how she dealt with everything that happened. I also feel there is something big in store for her and can't wait to read the next book to find out.

Cole - yeah he's a hunk of a teacher

### **Night says**

Sweet, sexy, fun cat-shifter romance!

3 and 1/2 stars

Nice beginning of a different style of writing for Ms. LAke but I just love everything she writes. This is a paranormal sexy romance. Cole definitely has the markings of being a good hero! Enjoy this short book.

**"I don't want you to have any regrets."**

**"I'll never regret loving you."**

**Onyx Night** is the first book in the Catnip and Cauldrons Series. It is a quick and sexy paranormal read with magic, shifters, and smoking hot forbidden romance!

**"Tell me, tell me, what's happening to me!"**

Onyx Knight is a college student from a small town. When she loses her parents in a horrible accident, she is heartbroken and suddenly alone. When she discovers the truth about who she is and the magic that surrounds her, she is terrified. The people that once were her comfort have turned against her and Onyx runs straight into the arms of her mysterious and sexy professor.

**"It's going to feel good, kitten. I promise."**

Cole Radcliffe is more than aware of who Onyx is and what she is going through. He is no stranger to the world of magic. When he offers a safe place for Onyx to hide the physical attraction between the two becomes more than they can stand. Despite the numerous reasons they should stay far away from each other, Cole and Onyx are destined to be together! Or are they?

**"I'm not a child, Cole. I know what I want."**

Told in dual POV, **Onyx Night** is an absolute magical delight! Full of smoking hot passion, a creative plot, and complex characters it is a must read for Paranormal Romance fans! This first installment was just a taste of the greatness that is to come. I cannot wait to see what happens next with Onyx and Cole! No doubt Ms. Lake has more magical goodness up her sleeves and my Kindle and I are ready and waiting for more!

**Midnight Bloom says**

Received as a free read during the promotion for the sequel. Took me awhile to get around to reading it, but once I did, I was hooked and immediately grabbed and devoured the sequel, **Onyx Shadows**. Fantastic start to a new series. I really hope there are more to come.

Onyx is the perfect paranormal heroine. She's the perfect combination of sweet, sexy and innocent without being TSTL or annoying.

Cole hits every one of my sexy-professor kinks. If only my college had professors like him!

If you like shifter stories that are a little different, you'll definitely enjoy Catnip and Cauldrons.
