Success Isn't for Everyone: How to build a Successful Foundation for your life. Daniel Willey

Success isn't something that we can just happen upon. Very few individuals have attained success without having to work hard every day. Even once you become successful, you must work hard to maintain that success. In this book, you will learn several qualities that will contribute to your success and build a solid foundation for your life. By focusing on key areas in your emotional, physical, spiritual, social, and financial well being, you can create a lifetime of success!

James says

Very positive book! There are several great things in here!

Ryan L says

Great job comparing life to a building foundation. Easy quick read.

Dorothy says

Freshly picked this Kindle ed.Very interested by general rumors about it.

Not everyday I become so dissapointed like with this particular read.

Short,expensive,mambo-jumbo quasi-pro language.

A primary school kid would do it better.

In my humble opinion, it was nothing special.Waste of time and effort.

Apart from that,seems to me an author is a bit of self pusher.So many 5 star revs saying about nothing (juat 1 sentence),all come from SLC,all joined GR on january 2014,all read just 1-8 books in their entire life...

What a sad...sad...sad story,where nobody cares about the book and writer has got to push it himself by faked accounts...

QQ... crybaby...

Erin says

great book listened to this on audible

Dale Cook says

This was a fun quick read that i would highly recommend to anyone else. I got it for free on my kindle and was very impressed.
