## **Together Forever** Vicki Green

‘Together Forever,  
never apart,  
maybe in distance,  
Never in Heart’

After escaping her ordinary life and following her dream of writing a romance novel, Allie Richard’s finds herself falling in love with her sexy best friend Shane Barton. But all too soon, her past catches up to her, trying to tear their budding romance apart.

Finally finding the amazing girl of his dreams, Shane Barton races to protect what’s his and will do anything to protect her. This loving, and sexy man is tender to the touch but will fight to keep them together.

Will Allie and Shane be able to withstand what her past throws at them to put an end to their happiness? Will they ever be able to be Together Forever?

\*Due to strong language and sexual content, this book is not intended for readers under the age of 18.

## From Reader Review Together Forever for online ebook

### **Obsession Is A Book - Terrie says**

(ARC received from author in exchange for an honest review. Blog tour can be found here: <http://obsessionisabook.blogspot.com/...>)

I connected with Together Forever better than I did with book #1 in the series and that pleases me as it shows that Vicki is improving her writing style as she moves through the series.

This is the story of Allie and Shane who meet in the first book in the series. Together Forever more or less picks up from the timeframe that book #1 ended at and continues from there. For me, I would have connected better with the book if I could have witnessed more of the development of their friendship. As it is you kinda get dropped into the storyline where the two decide to become a couple after the friendship has developed. It doesn't take away from the storyline not having this in there but it would have given the reader a better understanding of how the characters fell in love with each other.

The book flows rather well and Vicki has done a good job of building the suspense in the right places and delivering on the outcome of those scenes. The language used was appropriate for the setting however, the terms of endearment throughout the book were a bit much for my liking.

As a book blogger with a Facebook page I loved the way that Vicki has included the community into the storyline as she has. I think this is the first book I've read where the dynamics of self-publishing and social media has been showcased and it really worked.

Apart from the couple of niggling things I have pointed out the book was an enjoyable read and I was able to read it without skimming, which means that Vicki used the right about of descriptive writing.

Can't wait to see what Vicki has in store for us in the next book in the series!

---

### **Lilosshadow (ReNee) says**

I love romance. I LOVE love. I love sweet protective men. I love bad boys. I love when best friends fall in love. But I could NOT love this book. I hate leaving critical reviews. I always struggle with how to make them more about constructive criticism and less about just bashing a book. But I am going to try so here we go...

First of all the concept and plot in this story are fairly good. But the writing style is slightly juvenile and one dimensional. It has TOO MUCH of everything. Too much slang, too much shorthand, too much 'my sexy man', 'my darling', 'my love', etc...Just TOO much. A little of that stuff is great and lovely, but too much and you just feels like you are re-reading the same passages over and over again. All the sex and swear words didn't bother me, it was just the constant repeating of the same lines over and over. It also felt like it was young teenagers talking to each other and not grown adults.

I also felt like there was supposed to be a level of danger and suspense in the story, but I found my self

rolling my eyes at most of it. I also skiped and skimmed a lot of pages, which is something I NEVER do. I had to force myself to finish.

I realize they are a lot of high ratings for this book and not really any critical reviews. Which is why I am writing one...believe me I don't want to be the bad guy. Lol ; ) I just think there needs to be a different opinion out there. I read a lot of books, a really ridiculously large amount that's almost embarrassing; so I try to write some reviews when I can get the chance. Hopefully this review comes across as constructive and will help someone... = )

Happy Reading!!!

---

### **Angie says**

What an amazing love story. I couldn't put it down. Shane is so sweet! This book is a page turner. I loved the first book but the second is just superb! Romantic, sweet and lusty. Such an amazing read!! I had an ARC, can't wait for the paperback to add to my collection!

---

### **Rumpled Sheets Blog says**

Allie and Shane met one day when she went with Cassie to get the tattoo. He was the one who did her tattoo. After that they became friends.

They started to spend more and more time together and became more closer.

They both wanted to take their friendship to next level. And when they did it, their She was scared that because of her past he'll change his mind. That he'll leave her. He never left her side. Shane is sweet, caring, protective.

What will happen between them and with them when her past comes knocking on the door? Will Shane be able to protect her from danger?

Well, read this awesome book and you'll know what happens.

The book captured my attention from the first page and didn't allow my mind to wonder around but to stay focused on what I was reading until the beautiful end.

Vicki's writing style is amazing. The way her books are written and their story doesn't allow you to leave them until you finish them.

????? 5 ⭐ read ?????

### **♥?Melanie says**

This was a romantic, sexy and suspenseful read. You can't help fall in love with Shane and Allie. It is great watching their friendship unfold into an unforgettable love story. Shane is most definitely swoon worthy.

---

## **Nicole says**

Vicki Green caught my attention with My Savior Forever. She went with a simple storyline and turned it into something extraordinary. Then she went and upped it by writing Together Forever.

Cassie and Jesse have been through hell but come out on the winning team. They got married and had their twins. Not only that, but they're completely in love.

Then there's Allie, Jesse's little sister. Allie hasn't had the easiest life. While she's beautiful, sweet, funny, and smart, she's had to deal with assholes who only want her for one thing. Not only that but she's had to deal with her parents and the crap that they put her through by trying to control her life and saying that they'll disown her for even the littlest things that she does. It's almost as if they don't want her to be happy.

Allie met Shane in My Savior Forever and the two of them hit it off. They quickly became best friends with the slightest (okay not so slight) hint of them going further. It was inevitable with how they were with each other.

When they finally do take that extra step, they fall completely head over heels in love. From there they should find their happily ever after right? Wrong. That is where their story is just starting.

Much like Cassie and Jesse, Allie and Shane have to deal with her past coming to bite her in the ass. Allie and Shane go through hell, but not alone. The two of them have Cassie, Jesse, and a wonderful set of friends that would do anything for them. With the help from those around them, they do eventually find their happily ever after; despite the bumps in the road that lead them there.

---

## **Denise Van plew says**

If you read romances for the happy everafter but want a little kick added to it than I can guarantee you picked the right one in wanting to read this one. Plus as a added bonus it has the heat that fires that kick with it to back it up.

Allie and Shane what can you say about these two but anyone would give their right arm to have this relationship for real except maybe a few less calamities like they encounter and go through.

Allie loves romance novels-Ha Ha that is a funny thing that is why most of us are reading this one and for the same reasons is writing one. She has a best friend Shane exactly what she reads about he seems to have their relationship is good except for that one step cause she thinks it won't work for her because of her history and all in guys (JERKS) you know the kind. Good thing she doesn't bet on that.

So when Shane wants that step further she is in for a surprise and accepts the challenge so to speak to go for the gold and their relationship rockets off.

Man is she one fortunate girl,dreamboat hunk of a man with delicious tattoos fits her dreams and loves her totally for eternity. He feels the same never having known love quite like this from any woman. Trust me on this neither one has and they are lovin it and each other going good but for one tiny teeny giant problem-blast from the past of Allie's rears his ugly head and enters into this happy ever after to try and twist it to never gonna happen if he has his way-Paul still after all this time has not gave up till game over he thinks. True form stuff here how stalkers almost can get away with continuing their madness because of legalities so it is here.

That is why I liked how this author wove her magic in her writing and not filled with sappy but gripping kick

your butt happy ever after stuff that if it is real love will last through thick and thin even when in your face stuff happens and of course they have that added support family and friends who when you have them can be that brace in the storm as you cling to each other.

Her friends and his great set of pals are the treasures they also have going for them. Humor in here also off the charts with the joy and pain that goes with life. But oh happy day at the end of the day all well that ends well especially for these two. Everything that life has to offer is in this read and why we the readers read them and when it is excellent why when the author is good will have us coming back for more.

---

### **Quimataz says**

ARC provided by author for honest review.

I can't give spoilers but.....

I'm a squealing mess right now!! Shane completely stole me with the way he cares for the woman he loves. Allie is a very sweet girl but be ready to uncover about her life in more detail as present and past collide.

Very enjoyable and gripping in parts with an amazingly sexy male lead. Watch out girls. Shane is Coming!!!!

DO NOT MISS THIS ;)

---

### **Stefanie says**

Read an ARC of this book

Do you need a new book boyfriend? Shane is just what the doctor ordered. This book could be read as a stand alone but it continues on in time from My Savior Forever and it is just as good so I would recommend reading them both.

I love the character dynamics that continually develop and you will too. This book has a wonderful combination of love and angst. You will never want to put it down. I devoured this book just as I did the first and would and have recommended it to others.

This story follows Shane and Allie but still brings in people you met in book one. You will fall in love with Shane and you will meet the every interesting Paxton and believe me you will love to hate her. So get to reading and falling in love with Shane and everyone from the Forever Series.

---

### **Cara Webb says**

To say that I only liked this book would be an understatement. I absolutely loved it! The way that Shane takes care of and loves Allie is just breath taking! To say that Shane loves Allie is true but he also adores and cherishes her more than anything! I can't wait until book three is out so that I can catch up with them again as

well as Pax and Tuck!

---

### **Darlene says**

Received this as an ARC from the author in exchange for an honest review.

Without a doubt Vicki has done it again!!This book is book 2 in the series,it could be read as a stand alone.

OMG IF YOU NEED A BOYFRIEND then Shane is your man! Allie an Shane are best friends and Shane is the best friend of her brother, Jesse.

Nope I am not gonna tell ya what happens in this book. All I am gonna say is a lot happens in Together Forever....

AMAZING-AWESOME-OMG YOU GOT TO READ IT!!!!This book has it all. Now I am waiting on book 3 Her books just get better an better.

I give the book a 20 star rating.

NOW GO GET THE BOOK AND READ FOR YOURSELF WHAT HAPPENS- You will be happy that you did!!!!!!

---

### **Joy Whiteside says**

I really enjoyed this book. I was able to finish this book in one sitting and could not stop until I was done.

The story moved along at a really great pace from beginning to end, had characters that you fall in love with and want to see succeed and had an excellent story line that keeps you entertained throughout the entire book.

Vicki Green is an awesome writer and I would definitely recommend her to friends and family and to anyone who was wanting to read a good book and experience a new author.

Enjoyable.

---

### **Alexis says**

\*\*\*Received an ARC from the author for honest review\*\*\*

Together Forever is the 2nd book in the Forever series and tells the AMAZING story of Allie and Shane. The chemistry between Allie and Shane is electric and jumps off the page (or e-reader). Allie is starting a new career as a romance writer while getting her life the way she wants it...and trying to forget what happened to her in the past. Shane is a tattoo artist and Allie's best friend...but Allie wants more. Shane finally realizes that Allie is the woman for him and the two are finally going to get the HEA...or are they.... A man from Allie's past shows up a threatens everything including Shane and Allie's HEA....will everything work out for Allie and Shane or will Allie's past destroy it all?

---

### **Dawn Smith says**

This is the second book that I have read by Vicki Green and she just keeps getting better and better. The first story in this series , My Savior Forever, was phenomenal and she keeps it up with Together Forever. This is a sweet love story of best friends that fall in love. Their path isn't easy and they struggle with a threat that can tear them apart forever. Shane will do everything that he can to protect the love of his life. This is an amazing read that you will not want to put down- not even for a minute.

These characters are amazing. I adored Allie for her sweetness, strength and willingness to chase her dreams of becoming a romance novelist. She is a combination of innocence and sexiness. Shane is a strong , brave and oh so smoldering tattoo artist. The chemistry between the pair ignites and practically sets the pages of the book on fire. There is just something so sexy about best friends that realize that they're in love. They are complete opposites but together they are magic.

Like any good romance story there must be danger and drama. Vicki Green certainly delivers on this. It is the mark of a great author that knows how to manipulate her readers emotions. I would alternately find myself laughing to cringing in fear as I read. I would consider Ms. Green one of the top character writers in her genre.

Being that this is the second book in the Forever series, we get to catch up with Cassie and Jesse again. What fun!

I hope that the author continues to keep writing such intriguing plot lines and characters. I am anxiously awaiting her next book. She never disappoints.

Five out of five.

---

### **Philomena Callan Cheekypee says**

Totally loved this book. It's the second In the series. Please read my savior forever to get the most out of this series.

I read book 1 & totally loved it. I loved book 2 just as much. The storyline flowed brilliantly. I loved all the characters. Gosh the men in this book are hot. Such fantastic drooling material:)

To say I'm really looking forward to the third book is an understatement. I NEED the next book.

Received from author in return for an honest review.
