Yes!!! I loved these three short stories and totally got me in a HOT holiday mood. I love Travis, Kylie and Gage but I completely forgot how dirty Luke, Sierra and Cole are...I need to go back and read their story again!

Naughty Holidays 2015 by Nicole Edwards.

3 out of 5 stars.

Three separate families have three different holiday celebrations. These three families are all intertwined with each other in some way, either by blood, marriage, or business and they all make appearances in the others series of books.

The first is the Walker Family as they compete together for the best Christmas Lights. If you've ever seen a television programme called Northern Lights with Robson Green, then you'll enjoy the mayhem the Walkers can cause when they turn their hands to it.

The second is RT and Z from Sniper 1 Security as they try to find the best Christmas Gifts for each other and enjoy Christmas together.

The third is Luke, Sierra and Cole McCoy from Club Devotion (also known as Club Destiny in earlier books) They are holding the best new Years Eve party in town but it's the stress is all getting on top of Luke. Find out how Sierra and Cole calm him down.

There is also a bonus story of the Walkers at a Fall Festival together at the end, which is a bit of a giggle for you and rounds it all off nicely.

I'd recommend this book to others that love Nicole Edwards family saga's.

4 amazingly hot *

Yes! once again NE did it!

Erotic gender it was not my cup of tea, but Nicole, opened me a new perspective of this world.

Somehow she get not only the phisical atration to higher level, but at the same time she packed it with love, friendship and tenderness.

Is so sweet check how these big families giving their support and unconditional love.

Three amazing and lovely stories, in a very special occasion, as Thanksgiving, Christmas and New Year Evening.

Each story, is about some characters from another books, so somehow we readers are comfortable knowing them. For me, the one I love the most was with Luke, Sierra and Cole, these 3 are truly amazing, if they exist in real life, I'm sure I wanted to meet them.

When Nicole Edwards does Naughty, it's Oh So Nice.... This book left A Million Tiny Pieces of holiday cheer all over the place.

With that being said, all of Nicole's Minions will love how she brought back the couples we all fell in love with and introduced them to the new ones for an all out Naughty Christmas.

ENJOY!

This Holiday special was everythin you expect from Nicole Edwards. Another great read! But of course the Walker clan will always be my favorit. The scavenger hunt was hilarious and by far the best part for me. It was nice to visit and see what characters are up to after their books have come to a close. Thsnk you for another entertaining read.

Spoiler AheadThis was a really good book with three short stories with two of my favorite poly couples. The started with Kylie, Travis and Gage for the A.I series Travis and the rest of the Walker Brothers and their wives and kids. The Walkers plan a contest to see who has the best Christmas decorations I really liked how each brother was so competitive. Kylie, Travis and Gage have a 2 year old and another on the way. Zane and V also have a new baby and Kaleb and Zoey have another baby. Sawyer and Kennedy are getting married. I love reading about the Walkers and I loved reading this short quick story about them. The second story in this book that I haven't read but I will I really liked the story. Ryan Trexler or RT as he is called is trying to find the perfect gift for his husband Zachariah Tavoularis or Z as he is called. All Z wants is RT but RT is worrying and stressing about finding something for Z. This book introduced me to character's in Nicole's other books and I loved that all of the people know each other and it made me want to read the books that these character's are in. In the third story about my other favorite ploy couple Luke, Sierra and Cole they also have a new baby a boy this time. Luke is stressing about a New Year Eve party at Devotion and the guest list reads like a whose who of character's including another poly couple that I read about in A Million tiny Pieces Mia, Phoenix and Tarik and also the Mob boss from Beautifully Brutal a book that I have, but I haven't read it yet or book two in that series. This was a really good holiday read. If you read Nicole Edwards and are familiar with her character's than I recommend that you read this book.

Because Naughty Holidays Can Be Oh So Nice <http://amzn.to/1YpVMyN> contains three all new stories by Nicole Edwards

Walker Brothers' Free for A

Il is a holiday visit with Travis, Gage and Kylie the stars of Travis (a m/m/f menage read)

<http://amzn.to/1YpWOLm>. This short provides a fun glimpse into this family's life while also updating the reader on the Walker Family. The reader is able to bear witness to Lorrie, Curtis and all their boys living out their happy! I so enjoyed this visit the whole Walker Family and I am now even more excited for Coyote Ridge the spin-off series Ms Edward is releasing.

The Second Short Gift Dilemma stars RT and Z from Never Say Never <http://amzn.to/1YpXcJJ>, a m/m easily read standalone if you have't read it already. I absolutely loved this short story, it captured the essence of the holiday spirit as it brought the reader into RT and Z's world. The premise this story is the search for the perfect holiday gift something I think many in love have battled; the resolution Ms Edwards provides in this one truly moved me and made me love these men even more! This story captures the meaning of the holidays in spades!

Now the third story...Happy New Year stars Luke, Sierra and Cole the trio whose story is told in Temptation <http://amzn.to/1X9VfDY> and Devotion <http://amzn.to/1X9W93w> two books that combine to tell a beautiful story of love, a love these three never imagine but wouldn't have any other way.

In this New Year's Eve story Ms Edwards not only pulls the reader into this trios world but she masterfully pulls the reader into an entire world of her creation as she masterful weaves characters from every series she has written into this New Years Eve gathering. Each character has place in the world and much of it builds to the reader wanting to know more about how these relationships and the dynamics that may play out as relationship and business ventures expand!

Luke is still the man wanting to build a successful business, Cole is still the man who grounds him and Sierra is the woman they love and the woman who adores them right back! Add to these three a little girl and baby boy and this family forever has a place in my heart! Witnessing life move forward surrounded by love kept me glued to my kindle with a smile from ear to ear!

The readers visit in all these stories is hot but each story adds so much more than just sex to readers image of these characters so many have come to love! The reader is able to see love working, love living daily life and love prevailing!

I have no idea how Ms Edwards keeps track of all these characters but hats off to her for the amazing ability to keep all true to what she created while allowing the reader to fall deeper in love.

For die hard Nicole Edwards fans or those who adore the Walker Brothers this book also contains a fourth story; as a bonus Walker Brothers' Fall Festival! The family dynamic in this one is so much fun to witness.

Updates for Travis/Kylie/Gage, RT & Z, and Luke/Sierra/Cole. Each story deals with a holiday, Thanksgiving, Christmas & New Year's respectively. We get updates on these characters and a couple of hints at future stories. 3.5 stars Warning: Don't read this book unless you have read the AI, Sniper 1 and Club Destiny series.

No cliffhanger

3 Novella follow ups to previous books

All told from multiple POVs

Minor editing errors

Novella 1:

I loved Kylie, Gage and Travis in "Travis" and I was so happy we got to catch up with them again. The book was hysterical and the love the three have for each other and their daughter was obvious throughout.

Novella 2:

One of my favorite sniper 1 books so far has been the story of RT and Z. For huge alpha males you don't expect to see them be so in love and damn cute with each other. In this novella you get a glimpse of just how much RT loves Z. He bends over backwards trying to find him the perfect gift for Christmas. And boy does

he nail it. I got teary eyed at one point. Another story where the love they have for each other is amazing to watch.

Novella 3:

I fell in love with Luke, Cole and Sierra in temptation and loved to get another glimpse into their relationship in devotion but it is even more fun to continue to catch up with them. This book centers around New Years Eve for the trio. It had me laughing at the little games they play with each other. You even get a little glimpse at Trent and Clarissa, a story I am not so patiently waiting to come out. Can't wait.

Jackie Wright says

Nicole Edwards takes us back to some of our favorite places for Christmas with our favorite characters. Not just one novella Nicole gives us three.....

We catch up with Travis, Gage and Kylie along with the rest of The Walkers decorating for Christmas but it doesn't stop with just the Walkers maybe we are getting more from AI.....

The second novella is catching up with R and Z searching for the perfect gift for each other and boy did we get some hot scenes from these guys

The final novella takes us back to CD at Devotion and although we start off with some very steamy hot sex from Luke, Cole and Sierra the whole gang end up together for New Years Eve.....

No one writes a sex scene quite like Nicole Edwards and this novella is amongst her best. I finished it knowing that I would be re visiting Coyote Ridge as well as looking forward to the new series from one of my favorite authors. Well Done Nicole

My Own Bookshelves says

Holy Hot Reads! I think I felt the singe through my Kindle. Ms. Edwards is well known for writing drool worthy characters in steamy scenes that get you needing a cold shower. This book does not disappoint if you are a fan of her writing. Are you reading this yet never read her novels? This book contains 3 separate yet linked stories that are a great introduction.

I really loved, loved all three stories. The way Ms. Edwards wrapped the story lines to be separate yet connect in the timeline made it fell like one big story rather than three separate. All three have in common holiday celebrations and hot, HOT scorching scenes. However, my favorite of the three was RT & Z's novella. Now, I do have a soft spot for these two, so there's that bit of bias. Yet, it was how Nicole Edwards wove in the real purpose of gift giving that just touched my heart. Plus have I mentioned these two are HOT?!?!?

If you've never read any of Ms. Edwards' writing and are looking for hot in your holiday story, go no further. Do you need to read any of the previous series to understand the main or secondary characters? Nope. Ms. Edwards introduces characters with just enough information to keep the flow if you are not familiar and not weigh down the pace of the story. If you love erotica, this book is a high recommendations from me.
