Forbidden Stranger Marilyn Pappano

Exotic dancer Amanda Nelson escaped poverty and had left behind a trail of painful memories. But soon she would retire her stilettos for a new life. Then Rick Calloway sauntered into the club and took her breath away. The new bartender had a connection to her past...and a girlfriend. He was wrong for Amanda in every way.

Only Rick wasn't a bartender. And he didn't have a girlfriend. Working under-cover to investigate the disappearances of several dancers, Calloway should have remained focused on the case, not Amanda. Or so he told himself. Their mutual attraction was dangerously inconvenient. But maybe it was what they both needed to live through another night....

Stacie says

This was an okay, quick read. It was about an undercover cop working as a bartender where the dancers are disappearing. He falls for one of the dancers there who is working to become a teacher.

## Jacqueline J says

This is my first read by this author and I was pleasantly surprised. I was sucked right in. The story was well written and the plot made sense. The heroine was great. She was a stripper who put herself through college and bought a house and was unapologetic about it. He was an undercover cop who was looking into dancers disappearing from strip clubs. She was a very strong character and rates as one of my favorite category romance heroine's ever. He was a very nice guy. I will definitely try more by this author although I don't know if I can read the book with his brother, Robbie, as the hero since he was such an ass in this one that I don't see how he could be redeemed.
