Frey Faith Gibson

Geoffrey “Frey” Hartley- soldier, helicopter pilot, boxer, martial arts expert - is the biggest, baddest Gargoyle shapeshifter in the Stone Society. After too much death and destruction, he hung up his dog tags. Now he is the owner of Lion Hart Dojo and Gym. For almost six hundred years, Frey has spent his life protecting humans while secretly praying for a family. Some of his Clan are finding their mates, but the fates aren't making it easy on any of them.

Abbi Quinn – teacher, wife, sister - is an abused, broken down young woman. After her parents' death when she was seventeen, Abbi hung up her dreams along with her ballet shoes. Married to an abusive, controlling man, Abbi can't remember what love feels like. When a stranger offers her a way out of her horrid situation, Abbi is torn. She tried leaving once before and the result almost cost her life.

When Frey finds his mate in the beautiful yet subdued Abbi, the pull between them is undeniable. He vows to find the smile hidden beneath her pain, to give her back her dreams, to see her dance. He will do whatever it takes to rescue her from the hands of her husband, even if it means protecting her from the sidelines.

This has become one of my favorite standalone series, there is such a fantastic storyline that is continued in every book. I love how the author introduces us to all the members of the Stone Society and manages to relate a small history in each book. The Stone Society is a society of gargoyle shifters who's task is to protect the humans from the evils of mankind and the unholy while living amongst them in plain sight. Now the fates have decided that the gargoyles find their mates, but they do not come easily and Frey is no exception.

Frey is the biggest most imposing of the gargoyles, but he has such a soft heart, but you wouldn't know it by looking at him. He has found his mate, but she is untouchable. Frey must find a way to make her his, if it takes a lifetime.

Abigail has no illusions, she made her bed years ago and now she is paying for it, what she will not allow is for her brother to be a victim any longer. Can this gorgeous man Matt has befriended help her and her brother, she will do anything to protect him at all costs.

In the meantime, Jasper discovers that someone very powerful is not only after the gargoyles, but he is about to receive a blast from his past.

I can't wait to travel to New Atlanta again!

I was given this book in exchange for an honest review

Great book, love the series

Great book, love the series. Looking forward to the next book. Can't wait to see what will happen in Egypt!

Family!

Frey is the brother who owns the helicopter that took down Gordon Flanagan, he is the brother that owns a gym/dojo & he is the brother that I like the most so far in this series.

Abbi is in a very bad marriage as her husband abuses her almost every day & in every way possible; her husband thinks that because he's a cop that he can get away with it & that no one can stop him. At the end of this book he finds out how wrong he is. Especially since Abbi is Frey's mate.

This book does contain the good vs bad plot, non-consensual sex scenes & consensual sex scenes, it contains a brother that wants to help his sister get away from her abusive husband not only because of what he does to

her but what her husband does to him as well, this book contains love, family& friendship as all the gargoyles step up to help Frey protect Abbi & Matthew.

This book was heart wrenching but in the end, Frey, Abbi, Matthew & Amelia become a family.

So far best book in the series. It was painful with the D.V. aspect, but was still a very good book.

Frey Frey what can I say?

Wow what a story. Don't know if it could have been written any different. The twist the turn the sorrow.

I LOVE THIS Book!!!

This series is awesome! Every book so far has been wonderful. But I have to say I think I have enjoyed book number 4 the best so far!!! Can't imagine getting much better! Thank you Miss Faith you are one awesome and talented writer!!

5 Stars! I have a new book boyfriend and his name is Geoffrey "Frey" Hartley (sigh). Frey is the fourth book in the Stone Society series by Faith Gibson. This is my favorite book in the series (well, so far). I am learning that she has the knack at giving you two complete wonderful stories in each book. This one was tender and sweet. Frustration and tears was felt watching the love grow between the gargoyle and Abbi. Warning: This book contains domestic violence and non-consensual sex between spouses. Job well done! Of course to read this book and get the fullest enjoyment read the series in order, Rafael (1); Gregor (2) and Dante (3).

Good

This book was the first one I read in this series, but I could still follow the plot. The abuse was handled very well. Not a fan of reading about physical or mental abuse, but this book handled it very well done

Fantastic a must read

OMG I could not put this book down . this series is a must read. Fantastic plot twists that you will not see coming. Wonderful characters that follow through out the series. I highly recommended

I have read books 1 & 2, but skipped 3 because the library didn't have it. This one was my favorite of the 3 I have read.

I may or may not continue with the series. It's not bad per se...just a lot happens and everything starts to jumble together.

Difficult. Emotional roller coaster

Ok. First you need to know that the main characters of Abbi and Matthew suffer horrific abuse. It is difficult to read. yet you remind yourself this could be someone you know right now. Frey is a beautiful soul. You will totally fall in love. We need to know what is going on with Jasper.

OMG and WOW are the first thoughts at finishing this book. Frey is book 4 in the series, it can be read as a stand alone but will be that much better if you read the series in order. I was ready to jump in the book before chapter 1 was over and kick his azz myself. The emotional ride this book takes you on is amazing. I may have had a few wet eye moments as well as a few cuss words and anger issues with this book, the emotion the author was able to put in this book is awesome. This one like the rest of the series is a must read.

4.5 stars!

***Warning: This book contains graphic sexual, emotional, and verbal abuse.
The author did an amazing job of writing about this topic with sensitivity and respect.***

Out of all the books I've read in the series, this is my favorite by far.

I loved Frey's(Geoffrey's) character.

He was strong, compassionate, dedicated, smart, loving, sensitive, and dominate.

Abbi's character was amazing considering what she was going through.

Her love and dedication to her younger brother had me crying for the sacrifices she made with her abusive husband, and cheering for her when she finally said ENOUGH.

The author's world building is incredible, and she has me hooked on this series!

I can't wait to read Nikolas' story!

Awesome

This book was exciting thrilling emotional but very good. I could not put it down to interesting to close. Even though you know most of it is fictional it also had some great facts on domestic violence to be so so true one of the very best in series

Belinda says

Shatter me

Heard the song at the end of the book and fell in loved with it as well. Great series love Frey story but I can wait to read Jasper and Trevors book.
