Ava March

## His Request Ava March

A free short sequel to *His Client* .

Life in the English countryside is better than Jasper Reed could have ever hoped. His garden is flourishing, he has Nathaniel Travers in his bed most nights, and his lover has become his neighbor.

When Nate suggests they play ‘the physician and his patient’, Jasper eagerly agrees. The erotic game proves just the thing to fill the rainy summer afternoon. Yet Nate’s request after their game is over gives Jasper pause, stirring up old doubts and making him question if he is indeed first in Nate’s heart.

*Note: This book contains explicit sexual content, graphic language, and situations that some readers may find objectionable.*

## From Reader Review His Request for online ebook

### Veronica of V's Reads says

This is a free short-story sequel to *HIS CLIENT* and recounts the adventures of Nate and Jasper a year after they have set up homes in the London countryside.

Jasper and Nate are still playing their kinky games, and loving every minute of it. Nate still owns a shipping company in London and must return every few weeks to attend to matters there. He has invited Jasper many times, but Jasper always declines. He's afraid to be seen in Nate's company in London--in the event that a former client encounters them, implicating Nate as a homosexual.

Nate has a special request this time--for Jasper to come and dine at the home of Nate's childhood friend, Peter. This Jasper wants no part of; Nate had secretly loved Peter throughout school and into adulthood, though he never confessed his infatuation to anyone but Jasper.

Thing is, Jasper's jealous, and afraid that Nate may still have deep feelings for Peter. How could he witness that in person? Seeing how bereft Nate is with his refusal, Jasper gives in. There some good sexytimes in this *SHORT* read. It's really a short story, but plenty fulfilling, emotionally. And, it's free.

---

### Katharina says

3.75

I liked this little short even better than *His Client*. The game Jasper and Nate play here is damn hot, and the plot component afterwards really made me feel secure about their relationship and future. It was a lovely follow-up and provided exactly the sort of content needed for a satisfying conclusion of this story.

If you're looking for some hot historical time, *His Client* and *His Request* should be right up your alley. Go for it!

3.5 stars

---

### Em says

A rather nice kinky little short, just what I needed.

---

## **Alina says**

Oh it was lovely!

I didn't know His Client has a sequel, but I guess it's what I felt missing at the end of the main story. Very satisfying!

---

## **Kassa says**

This is a free follow-up to His Client and it includes a roleplaying sex scene – doctor and patient hehe – and some nice progression in the main couple's romantic relationship. It's as well written as any of March's books and the fact that it's free is a surprising but nice bonus. It shows the couple very happy and well equipped to have a happy ending while communicating about their various needs. It's one of the few follow ups that makes me feel as though the couple really could live HEA.

---

## **Heather C says**

Sweet follow-up of Jasper and Nate a year after *His Client*. I'm so happy that it looks like these two will be together forever.

---

## **Sara says**

A short, sweet and naughty role playing follow up with Jasper and Nate.

*Unf!*

Yeah, that's what came out of my mouth with this one. It's kinky and still swoony because it's these two and they are amazing together. Though they have been together a year later and living a lovely life in the country, Jasper still has his doubts about Nate and whether the love is stronger from his end. Thankfully, the boys work out this issue and it all ends the way it should.

---

## **Andrea says**

Short (much too short if you ask me) follow-up to His Client. I loved seeing Nate and Jasper a year after book one. It was nice to see they made it work, and (being as this is Ava March) their sexy times were hot as always.

The strongest part of the novella (in my opinion anyways) is their relationship though. It's been a year since Nate got over his feelings for his best friend, and his request to introduce him to Jasper to prove he is truly over him was the one thing missing from His Client for me. It was wonderful to know these two are really going to be okay after everything.

### **Funzee Shu says**

**\*\*\* 2.8 stars \*\*\***

Okay..

Except the "hot and sexy naughty play role" between Nate and Jasper, this book over nothing more to us.

"Meet the Peter" things become 2nd issue to this story, but didn't bring much "drama" too.

Overall ?

It's becoming another just so-so reading for me....

Still hot, but couldn't give more than that...

### **Lou~Silver Medalist in DNF's says**

DNF @ 44%

A #1.5 freebie which can act as a teaser or just be an extra for fans. I think this one must be for fans--I haven't read the first book.

Lost interest and can't seem to find it to continue.

---

### **Vfields Don't touch my happy! says**

I can't believe how easy it was to sync back into the relationship of Ava March's lovers from HIS CLIENT. I normally shy away from these short sequels but I believe in and have faith in Ava March. She made me fall in love with Nate and Jasper all over again. I picked up exactly where I left off and it felt like I'd never left these wonderful, wonderful characters. For me, this was a perfect book to end my year of reading on.

---

### **Jo \* Smut-Dickted \* says**

So many books, hardly any with good role plays. But OH! This here is one of em'. Excellent role play kinky vignette in the boys life. Thoroughly enjoyable to spend time with them again and to voyeuristically enjoy their fun times.

---

## Ami says

### 3.5 stars

After I finished with His Client, Heather told me to immediately go and read this one. Well, it is free and it is short -- and I did like established couple, so why not, right?

This short basically comprises of two 'events'. The first half we has that glimpse of the life after His Client, a year later, with Jasper and Nate still enjoy role-playing. It's, uhm, nice. It didn't really rock my sock. I mean, it's kinky and naughty and delicious, but it was also short and I got distracted with things.

The second part, though, was more compelling for me. Maybe because it was more emotional ... and fits me better. Nate was asking Jasper to meet Peter for dinner. I immediately felt that tug in my heart, because of Jasper's insecurities. That even a year later, he was still afraid that Nate didn't truly love him, and Jasper would see it in Nate's eyes. So it was lovely and touching, and I was happy that Jasper finally got his proof, that Nate's love was really and only for him.

## ? BookAddict ✍️ La Crimson Femme says

For sensual erotic historical m/m romance, Ms. March is one of the go to authors. Request is the short story as a follow up to His Client. It's probably best to read His Client first. Still, this one I read as a standalone and it was smoking hawt.

Ms. March has a way with words as she uses the proper British vernacular in delightfully perverted ways. Specifically, the dilators in story as part of the medical play is arousing and naughty. Jasper is the "whore" who is retired and living in the country. The man of his dreams is Nate, a former client, who is also now in the country. The two of them continue their illicit affair behind closed doors. Nate's creative role-playing is inspiring for kinksters looking into medical play.

The conflict in this story is a familiar one and it works. Jasper and Nate are a sweet couple and their reconciliation is expected. After reading this book, it does make me want to read the first one. This kinky historical romance is recommended for m/m readers who enjoy playing "doctor".
