Niall: A Highlander Romance Diane Darcy

Niall is #32 in the series. The stories can be read in any order, but please read THE GATHERING first to avoid confusion.

Niall walked over to stand in her place as she moved off to the right. He shot, and the ball landed slightly off center, bounced on the rim, and then off again. ?He looked at her, as if daring her to say something.?

“G.” She played too many games with her brother to be intimidated by that look. “Pig.”?

“I’m a pig, is it?” He started toward her.?

Laughing, she backed away.

?“Take it back, else suffer the consequences.”

When Jennie Hudson’s brother loses his job, and his wife, and camps on her couch playing video games, she hires a therapist to come to the house and talk some sense into him. Incognito, of course, or her brother would never go for it.

She’s not expecting a hunky Scottish guy in a kilt, but Niall MacDonald seems to be working wonders. His particular brand of Scottish wisdom is exactly what her brother—and all her YouTube followers—need to hear.

Attraction flares between them, but can they get past his guilt over a youthful mistake? Can his advice help her learn to value herself? Fate might have made plans for them when they just weren’t looking.

Always 4 stars!

I love these Ghosts! Being of Scottish decent, how could I not! My husband would have looked great in a kilt, I can dream. Diane Darcy books are some of my favorites, she is so romantic. But it is really hard to choose between the Culloden authors. I am so glad that Niall and Jenny got their happy ever after.

This is book 32 in the series. You will want to read the first short story, The Gathering, for the background information on the Muir witch before you start the rest of the series. After that, each one can be read as a standalone.

Niall is a sweet story about 2 people who worry more about others than they do themselves. Niall did not want to join in the war at Culloden Moore but was not given a choice. He worried that he left the woman he loved with a baby to raise on her own. Jenny is worried about her brother and his wife splitting up. She knows they still love each other, and just want them to be happy.

Niall does not really want the boon Soni offers, he only wants to know that he did not leave a lass to fend for herself. Niall and Jenny save each other and each get the reward they didn't know they wanted.

Creative Therapy And Lots Of Laughs

Niall is a ghost, given a chance to do a good deed, and move on to his eternal reward. His quest is to help Jenny. Jenny's brother is out of work and separated from his wife. Jenny has tried to help them, but they are both so stubborn. She hopes that hiring a therapist and having him covertly advise her brother in her home will help. Niall is mistaken for the therapist. His advice is fresh with a strong helping of tough love.

I loved the scenes where Jenny has Niall playing therapist. His ideas are unconventional, and from a reader's perspective, downright hilarious. It wouldn't be a good idea in real life, but it worked for a story, especially when you take Niall's background into account.

This was a fun, lighthearted read.

Content: clean (mild violence, kidnapping, some kisses, reference to guilt over a past discretion)

A very sweet Highlander

Niall is so sweet always trying to make up for a "wrong" . He needn't have worried but because of this, he is ready to write a wrong and win the hand of Jenny. I really could relate to her- I am a walking disaster -but I take like Jenny such joy in helping others.

Wonderful love story

Wonderful love story about a highlander and his love. He is from the 18th century and she is a 20th century woman. Read on for more information about how they meet and What happens.

Another great ghost!

I always look forward to the next highland ghost being freed from the moores, and this one was worth the wait! I love how there lives worked out. His guilt over his past love endeared him to me right from the start. Her love of family and feelings of untrust and unworthiness left me feeling a since of understanding and hopefull anticipation for her! I adore the way this story turned out! As always 5***** for Diane!
