**Queen of Air and Darkness** Cassandra Clare

**Dark secrets and forbidden love threaten the very survival of the Shadowhunters in Cassandra Clare's *Queen of Air and Darkness*, the final novel in the #1 New York Times and USA TODAY bestselling The Dark Artifices trilogy.**

What if damnation is the price of true love?

Innocent blood has been spilled on the steps of the Council Hall, the sacred stronghold of the Shadowhunters. In the wake of the tragic death of Livia Blackthorn, the Clave teeters on the brink of civil war. One fragment of the Blackthorn family flees to Los Angeles, seeking to discover the source of the blight that is destroying the race of warlocks.

Meanwhile, Julian and Emma take desperate measures to put their forbidden love aside and undertake a perilous mission to Faerie to retrieve the Black Volume of the Dead. What they find in the Courts is a secret that may tear the Shadow World asunder and open a dark path into a future they could never have imagined. Caught in a race against time, Emma and Julian must save the world of Shadowhunters before the deadly power of the parabatai curse destroys them and everyone they love.

I've literally only read City of Bones so far this year, but you all got me too excited to finish this series! So, I just ordered a signed copy through Good Choice Reading, because I apparently have no chill! Now, let's hope I can quickly get caught up, and completely love, because you all promised me faeries!

### **Carolyn says**

Your age does not define how well or not you will/would like a book.

Just because this is labeled as a YA book and you will be twenty something when it comes out doesn't mean that you can't enjoy it.

If you are a big fan of Clare's series and end up reading it however old you may be, that's awesome. If you don't end up reading it, no big deal. I just don't see why people need to be saying that "this is the last Clare/Shadowhunter book I'll be reading" because it hasn't even come out yet, nor have any books of this series for a matter of fact. If you're not excited for it, then you're not excited for it, but don't be thinking negatively about a book series that hasn't even come out yet. Please and thank you.

### EDIT

here's a snippet folks - <http://cassandraclare.tumblr.com/post...>  
thoughts?

i'm so here for aline and helen being in this i'm about to thrive on this f/f ship finally getting the spotlight it deserves

### EDIT

ok I have two things lmao

1. what's the point in releasing in 2018 if it's being released in December? I get it in some ways, it'll be great for holidays due to sales. However, we may as well just wait the full two years and get it in May 2019 tbh.
2. I hate the cover. The red is too bold and unnecessary also the character who it is doesn't deserve a cover and I'm salty.

### EDIT

THE RELEASE DATE CHANGED TO 2018?! IM DEAD B Y E

How many people do I need to murder to get this?

I'll sell a fucking kidney if I have to. Someone give it to me **now**. I can't wait two years.
