## **Reawakened** E.M. Moore

Salem's magic has always stayed hidden...until now.

Salem Public Library's own Cas Marston has a secret. With the blood of countless Ley Line Guardians running through her veins, there are certain expectations on her shoulders...expectations that have nothing to do with cataloging books.

For centuries, Ley Line Guardians have kept Salem's magical ties a secret from the outside world, but when ley energy begins blasting out over Salem, Cas finds herself with a bit of an issue. One she needs to put a stop to—and fast. With her brother missing and the city nearing disaster level, the local coven offers a solution. Torn between family and duty, Cas is faced with an impossible decision that will seal fates...one way or another.

Will Cas find a way to fulfill her duty as Salem's Ley Line Guardian? Or should she heed her brother's last message...and run?

Reawakened is a fast paced, edge-of-your-seat Urban Fantasy that packs a punch! If you like to read the work of Annie Bellet and Patricia Briggs then you will love E. M. Moore and her hot new series Chronicles of Cas!

## Seraphia says

Cas's life as a librarian by day and a Guardian who patrols the streets at night is about to come to an abrupt end when a fae comes to warn her that he brings a message from her brother...run. As the Guardian of Salem, Cas refuses to turn her back on the town where she has lived her whole life so she prepares to stand and fight. She gets some unexpected assistance from an old friend who disappeared after he turned 18. But things are more than they can handle as the ley line has been tampered with and the energy it's putting out is affecting the paranormals who call Salem home. The fight is now on to set things back to right, save the innocents and figure out a way to find her brother.

Reawakened is book one in the Chronicles of Cas by E.M. Moore. I have read several of E.M. Moore's books and I think that this one is in a tight race for first place as my favorite. The storyline sounds out seemingly innocent but then it quickly kicks into high gear with trouble knocking at Cas's door. This story is fast paced and engaging from start to finish. I like the dynamics of the various characters in this story. There is a spark of romantic interest between Cas and her old childhood friend Jake.

I enjoyed this story but there were moments of where I felt that Cas's character was a bit juvenile. I don't get her sudden need to brag to him as many times that she does about her blades and her kills. He was there when they happened. So do me her being braggadocios are unnecessary. I also expected her to at least be chagrined a bit after he told her that "he was there." I also felt that there was a bit of a disconnect when they haven't seen each other in years and suddenly he starts being pretty hands on with her. I'd think that there would be some awkwardness at first.

I am rating this book 4.5 out of 5 stars. I enjoyed this story and am looking forward to the next book in this series. It has some surprises and twists that keep the reader engaged in the story. Cas is an interesting character and I'm eager to see where things go with her story and those who have allied themselves with her.

## Destiny Bridwell says

I received a copy of this for a fair and honest review. This is my second book by E. M. Moore. It was a nice quick short and easy read. It is filled with magic, mystery, witches, and ley lines. I love the character of Cas. Normally I don't pick the MC as one of my favorites, but I guess that just happens some times. I was not sure about the Guardians protecting and keeping the Ley Lines dormant. I like that Salem was the location. IT has it own history and aura all its own. This is a great beginning to this series.

---

## Marguerite (Lady RH) ❀ says

**Rating : TBA**

but i read the next one immediately after finishing this one.

---

## **Lisa says**

### **Okay**

I enjoyed this storyline but I'm not sure why. Firstly Cas is a strong female lead who owns it at kicking paranormal backside. She's a talented and skilled guardian of the leylines. The male characters are weakly developed with no emotion. There wasn't any romance but it seems they are all beautiful people. If there were any chemistry between any of the characters for me it would have deserved more stars however there weren't any, in fact the males although pretty were also pretty boring.

---

## **Anna says**

### **Great new series**

When her brother goes missing, Cas gets a visit from an old friend. Finding her brother may have to wait when things start to go crazy though. Something is happening with the paranormals in Salem and it's Cas's job to keep them in control. Betrayal and lies are coming from every angel though.

Great start to this new series. Lots of action and suspense. Can't wait to jump into the next one!

---

## **Dena says**

### **No romance**

This is a good start. The heroine Cas is really witty and strong. I like that she doesn't lay down and take carp. This is a very slow romance. What I mean is there is a lot of action and relationship drama with many characters just no romance. I didn't get a sense of love interest at all and was disappointed. I hope the next book picks up.

---

## **Myreadbooks says**

I want to thank Booksprout and the author for this partnership.

I was immediately attracted by this beautiful cover, we see the beautiful case using magic.

We learn immediately that the magic of Salem must have remained hidden until now. The guards had to keep them hidden from the outside world except that someone or something wants to ravage Salem. Case will have to solve this problem.

I loved this book even though I found it short. A well-written scenario, a captivating story. Eager to read the book two.

---

### **Sue says**

Cas Marston is not your average librarian as she and her brother come from a long line of Ley Line Guardians. When not running the library, their role is to keep Salem's magic hidden and under control. When Cas's brother goes missing and the ley energy goes out of whack, Cas and a friend from the past must keep the city from danger.

This is a touted as a fast-paced, edge of your seat Urban Fantasy and that is no lie. It has a strong female heroine that is faced with taking control of a situation she has never had to face by herself. There is action, adventure, suspense, paranormal beings, and even a hint of romance. The plot has been very well thought out and there are many twists and turns with surprising outcomes.

After reading the first book, I cannot wait to read the next in the series.

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

### **Debbie Pierce says**

Reawakened is so much like the television series Supernatural, I kept waiting for Sam and Dean to step in to help lol. Cas is one badass hunter/guardian. With the help of some paranormals, she has to try to shut down the ley line and save Salem. This is such an awesome book that I can't wait for more.

### **Lorella Piras says**

this is cracking start to a new series set in Salem.

This one was a little slow to start, but it needed to be as the characters and story line were set up. I was sucked in straight away.

All the characters were well developed and full of different personalities. Their interactions really made the book come to life. It was very entertaining. I look forward to the next book in this series. The real action is just starting.

### **chantal forget says**

Wow! Un livre plein d'action, de magie, de suspense avec une touche de romance.

L'histoire est bien écrite. Il y a des sauts dans le temps pour se rappeler la relation que Cas avait avec Jake avant que celui-ci ne les quitte, Cassandra et son frère. Et naturellement, beaucoup de référence à Damen, le frère de Cas.

Il y a 'Yeux Verts' ce fée, qui semble attirer par Cas tout comme Jake d'ailleurs.

Ces deux personnes nous réservent des surprises lors de la lecture de ce tome... à vous de découvrir!

### **Jessica Robbins says**

\*I received a free copy of this book which I voluntarily chose to write an honest review for.

Moore has done it again with her awesome world building! This time we get ley lines, magic, fae, shifters, and so much more. Cas is a librarian by day and a Ley Line Guardian by night (or as needed to be honest) during her brothers absence. Well of course that is when things have to go wonky forcing her to deal with the issues that keep popping up. I have to say I was getting into the world and Cas is one awesome heroine that I can really enjoy. If you like urban fantasy I bet you will like this one. I really enjoyed it so I give it 4/5 stars.

---

### **Shweta Beriwal says**

Meet the 3 stooges, Cas, Jake and Damen...guardians of Salem...they protect the historical city from the supernatural who threaten humans...till 1 day Jake disappears.

Fast forward to today...

Something big and ugly is on its way and Ramen has been kidnapped, Cas is hunting for her brother and trying to protect her city from a catastrophe and finally Jake is back.

This book has it all...shape shifters, witches, artefacts, magical weapons, elite fighters, fae and so much more.

If you're looking for a fast paced story with a spunky and courageous heroine, no need to look further.

I received a free copy of this book via Booksprout and am voluntarily leaving a review.
