Se busca amante Deborah Hale

Él pidió una amante... y le enviaron una esposa

Traicionado por su primera esposa, Simon Grimshaw no quería volver a casarse, pero las sofocantes noches de Singapur podían ser muy solitarias. Nada que una bella amante inglesa no pudiera solucionar. Bethan Conway respondió a un anuncio para convertirse en esposa como único recurso para emprender el viaje en busca de su hermano desaparecido. Pero Simon no era el anciano apacible que esperaba. Era un soltero de sangre caliente que quería una mujer en su cama...

Hamisoitil says

Quand Bethan quitte son pays pour se marier avec un homme d'affaires, Simon Grimshaw, qu'elle ne connaît pas, pensant bien évidemment retrouver un vieil homme bedonnant et non un homme dans toute sa splendeur, viril et d'une beauté à en couper le souffle, elle ne se doute pas une seconde que sa vie va changer au plus haut point. Mais si elle a accepté de venir vivre à ses côtés à Singapour, c'est avec une idée bien précise, retrouver son frère qui a disparu.

Quant à Grimshaw, c'est d'une maîtresse dont il a besoin et non d'une femme à marier. Mais c'est également un homme blessé physiquement avec un cœur meurtri dissimulé derrière une carapace et son travail.

Citation :Parfois, lorsque qu'il arrive quelque chose de triste, les gens essaient de ne pas trop y penser pour ne pas trop souffrir.... (page 117)

Nous avons aussi Rosalie, la fille de celui-ci qu'il protège sans lui ouvrir son cœur. Il a du mal à faire son rôle de père surtout depuis le décès de sa femme. Alors, il lui offre la meilleure éducation mais ne partage rien avec elle.

Citation :Les enfants sont généreux. Ils nous donnent toujours plus de chances que nous n'en méritons. (Page 122)

Puis nous avons les paysages. On y découvre un pays, des saveurs, des plats, une culture.

A travers cette histoire, j'ai pu toucher l'eau, j'ai goûté aux plats. Et ces odeurs enivrantes et épicées qui me donnait envie de tourner les pages. Holala, l'auteure a su me captiver et surtout à me donner faim avec toutes ces descriptions si bien détaillées.

Sans compter que l'héroïne a du caractère, ce qui donne du pep's à l'histoire.

Elle sait ce qu'elle veut, et n'a pas peur de dire ce qu'elle pense.

Ce livre regorge d'amour et de sentiments. On s'y sent bien.

D'ailleurs, les scènes sensuelles sont assez plaisantes. Un peu en dessous de ce que j'ai l'habitude de lire mais assez palpitantes tout de même.

En tout cas, Deborah Hale, je ne connaissais pas et je suis vraiment tentée de lire un autre roman de cette auteure.

Pour ma part, c'est un très bon choix. J'en suis ravie. - See more at: <http://hamisoitil.blogspot.fr/search?...>

Gail says

Good historical info on Singapore. I liked watching the character Simon change throughout the book. The play on words was interesting. I can't say which words because it would spoil the story.

Sara Hubbard says

Wanted: Mail-Order Mistress is the story about Beth Conway, a young Welsh woman who responds to a want-ad for a man in Singapore who seeks a mistress. Unfortunately, Beth's English is imperfect, and she agrees to the union while under the assumption that the bachelor is seeking a bride. But, our heroine has another--hidden--motive for accepting: her brother is missing, and Singapore was his last known destination.

Deborah Hale does not fail to keep my attention in this historical love story. The characters were flawed but lovable, and the author's descriptive words helped plant me dead-centre in nineteenth-century Singapore. Even though I knew the characters motives from the beginning, I waited with bated breath for the moment when the misunderstanding would be discovered and when I would I would learn what came of her brother.

The third book in the Gentlemen of Fortune series, this book is irresistible and a must-read for romance lovers. ****

Cristina Contilli says

"La fiducia deve essere reciproca. Per quanto mi sia stato difficile, vi ho concesso più fiducia che a qualunque altra donna. Voi invece non vi siete fidata di me. Se siete disposta a raccontarmi la verità adesso , forse il nostro futuro insieme può ancora realizzarsi. A voi la scelta."

"Ho capito che il vero amore non è fatto per navigare sempre con il vento in poppa, perché la vita non è mai codì. Ci saranno strepiti, pirati e ammutinamenti, ma se noi continueremo a navigare senza abbandonare la nave, potremo condividere tante avventure e troveremo sempre un porto sicuro."

Alcune frasi e riflessioni dei protagonisti mi sono piaciute, però, le vicende della ricerca del fratello della protagonista mi sono sembrano in alcuni passaggi un po' confuse e incoerenti...

Bella, comunque, la cover abbastanza originale per un romance...

Nicole Laverdure says

I originally read this book in French!

Wanted : Mail-Order Mistress by Deborah Hale

Third part of this trilogy "Gentlemen of Fortune series"

This book tells the story of Bethan and Simon, a handsome and virile man.

This story takes place in Singapore! This is a beautiful romantic story featuring two characters who find love You enjoy every minute with the perfect gentleman and charming Simon Bethan. I loved the characters and their relationships and I really enjoyed the time period of this story. You will not be disappointed by this book and I recommend it if you want to read a good adventure set in Singapore.

Mare says

Cute finale for this series, here Simon Grimshaw wants an English mistress but Bethan Conway answers thinking the ad is for a wife; but most importantly she wants to get to Singapore to look for her missing brother. Quite a few misunderstandings as they both are trying to keep their own secrets... a good read.

Lady Jaye says

I borrowed this book because the title suggested a very interesting story; I mean, I've read stories about mail-order brides, but never one about mail-order mistresses, or the reasons why anyone would want a mail-order mistress/to be one. Unfortunately, I was not enamored of the story that unfolded.

In a nutshell, the story is mostly one whole big misunderstanding. She thinks she is going to be a bride, he has ordered a mistress and thinks he's getting one. Bethan, our heroine, is not one of the better ones I've come across. I simply did not like her, or her responses to things. When a dude is talking about a painful memory – aka death of his first wife – I don't expect your first and only reaction to be curiosity instead of empathy/sympathy, you know the general emotions you feel when someone is reliving something particularly bad.

It was two for two: I also didn't like the hero. Who orders a mistress by mail and then fails to discuss the terms of the contract, especially since you didn't do the scouting/accepting mistresses yourself? Instead he tries to get her into bed at the first opportunity. They just didn't work for me.

The storyline was also not particularly exciting for me, and the dialogue was not engaging.

Womp. ?

Gail says

Heroine was hired in England to be the hero's mistress. Only she's Welsh, her English isn't that good, and she thinks she's been recruited to be his wife. He doesn't intend to marry again, because his first wife betrayed him. Oh, and all this takes place in Singapore soon after the city's established. She agreed to come to Singapore to hunt for her brother who was apparently accused of mutiny. Then there's the hero's daughter, who looks a lot like her mother, and who the hero doesn't quite know what to do with, despite his love for her. So the heroine has a lot of things to do. This story seemed to move awfully slowly, for all its exotic locale. Still, it was different, and well told. I liked it.

Tonileg says

Bethan Conway is naive from a small Welsh village and is on a great voyage to find her brother Hugh who was lost in a mutiny in the South East Asia. She agrees to become a mistress to a rich man in Singapore, Mr. Simon Grimshaw who is the third and final partner in the Vindicara Trading company made up of English men looking for a fortune and adventure. Only problem is that Bethan doesn't understand English very well and believes that she is going to Singapore to become a wife and 'mistress' of the house to a rich man. Simon has a daughter Rosilia and is widowed and terribly traumatized and broken by his dead wife who was a big adulterer and died whilst running away with yet again another lover. Simon has been a widower for some years and desires a kept woman to pleasure him without being pressured to marry again (because the last marriage was a fiasco!).

There is so much miscommunication and lack of trust that I started to get angst from the angst for the characters in this story. I didn't like it as much as the first two stories with *Married: The Virgin Widow* and *Bought: The Penniless Lady*, because Bethan was so stupid about street smarts, in contrast to how intelligent she was about emotional trauma and people's sufferings.

2 stars for a somewhat boring read compared to the great first two books in the *Gentlemen of Fortune* series. Go and read the other books and don't waste time with this one.

Tarsis says

Me encanta la forma de escribir de ésta autora. Simon ha perdido la fe en las mujeres, cada vez que elige ayudar a una o confiar en ellas, le traicionan. Por eso, el matrimonio no entra entre sus palabras favoritas, pero sigue siendo un hombre con necesidades, por lo mismo manda a traer a una mujer dispuesta a ser su amante desde Inglaterra. Bethan acepta ir al otro lado del mar a ser la esposa de un comerciante, con al esperanza que en Singapur pueda encontrar a su hermano perdido, el único familiar que le queda vivo.

Cada uno se lleva una sorpresa. Ni ella es una habilidosa mujer de mundo, ni él es un vejeztorio a punto de morir. Por el contrario, ella es una educada y excelente dama, que pese a ser una sirvienta, sabe comportarse y tiene excelentes valores morales. Y él es un hombre apuesto, elegante y caballeroso; con una hija y un pasado atormentador a cuestas.

Y esperan para poder estar juntos al fin. Aunque aún en el lecho matrimonial, se dan cuenta que no estaban buscando lo mismo.

Donna Alward says

Hale's latest is a lovely historical in an unusual setting: Singapore. It's a wonderful story and the last of her *Gentlemen of Fortune* miniseries. The best part for me? The utterly gorgeous use of sensory detail. When the heroine arrives, the reader arrives with her and experiences all of the firsts - the scents, sounds and tastes of an exotic, foreign land. It made for an enchanting read that was just a little bit different from my usual fare.

Deborah Hale never disappoints. She always delivers a warm, emotionally rich story!

Audrey says

I have mix feelings both this one.

I love how it took place in Singapore and I could really feel their emotions but I have a slight problem with Bethan and her personality.

Overall, good read and it took me back to Singapore and could relate to many of its terms.

Renate Williams says

How could Bethan not read the advert correctly maybe to scared or to dumb founded, I enjoyed that Simon was definitely surprised. hi hi, How the game was played was fun to read. A lovely book for our love addicted readers not to missed

Karine says

Aïe! Ce livre a été mal traduit et aurait de plus mérité une sérieuse relecture : problème de point de vue des héros, problème d'expressions françaises, problèmes de syntaxe... Et pourtant je me faisais une joie de lire le 3e volet des gentlemen à marier. De même, je n'ai pas vu ce qu'apportait l'épilogue?
