## **Side Chic La'Tonya West**

Being the side chic is fine as long as you know your role and don't have main chic expectations...right? Lala has been playing the role of Tre's side chic for the past two years well aware of the fact that he has no plans of leaving his girlfriend/babymama Kisha of seven years. She's always played by the rules but can she continue to stay in her lane after falling in love and becoming pregnant by her young boy-toy? Or will her feelings for him and the fact that she is pregnant cause her to want to change the game and become more than just his side chic?

## **From Reader Review Side Chic for online ebook**

### **Chrissy says**

This book was the truth I'm glad I took the time out to get the series part 2 here I come.

---

### **Me'Tova Hollingsworth says**

The book started out slow, but it picked up toward the very end. There were grammar and editing errors. Hopefully, book two will take off a little quicker.

---

### **C Sims says**

Ok, I must say that this is your typical urban fiction. At some point everyone probably can relate to being a side chic either directly or indirectly. I was glad when Lala was told by several people that it was time for her to grow up. Considering how much older she was than Tre & her motto, "I'm not that type of bitch", she got on my nerves. Without giving away too much, I'll say that it was painful page turner. I gave it 3 stars because of poor editing & my struggle with understanding HOW IN THE HELL DOES SOMEONE WORK FOR A CLEANING COMPANY & CAN AFFORD TO DRIVE A MAYBACH??? Did anyone else wonder about this??

Because of the drama & distraction from my own life that this book provided me...I'll be reading the series.

---

### **Valerie says**

Wow.. I love drama filled books about relationships. I also love when the characters have a realness that the reader can identify with. This is exactly what I got from this book. I could really identify with the issues that each character was dealing with. I loved how the author allowed you to see more than one of the character's point of view.

That being said, there are some grammatical errors, but the story outweighs that IMO  
On to book 2

---

### **Natasha says**

Poor Lala, I feel bad even though she played a part in her situation. This is one hot mess of a situation! Tre need to get it together, well he seemed to be but what's done is done, he in over his head for sure! That's all I'm going to say, on to book 2!!

---

### **Nadine says**

I gave only 3 stars due to poor grammar and spelling errors. The story line was great, and it definitely kept me interested, but this book is for someone at 6th grade level of education. The whole concept of allowing a bum ass man, with nothing to offer a woman, to sleep with you because he so desires is a foreign concept to me. Getting pregnant and moving out of town because he has a woman, and you understood your position, so you "stay in your lane".....gasp! Do real people like that exist? Easy and fast read. Should be enjoyed by most. I would only buy it online from the Kindle store for \$0.99.

---

### **Sally Mccargo says**

#### **Loved it**

This is a five star read. I loved reading about Lala and Tre's sexcapades. I can't wait to read the next installment in this series. Being from South Boston, Virginia I loved that our local hospital Halifax Regional was used in this book. Ms. West is a fantastic author.

---

### **Steph says**

Omg LaLa is a trooper I don't respect what she did but I respect how she is handling things I can't wait to read the second book On my way! To get it now great job shit is about to hit the fan with tamika and LaLa Tre you need to get a plan and fast

---

### **Carla Hamlin says**

#### **Ok read**

This was my first book from this author. I look forward to reading more from this author.i read this book from beginning to end

---

### **Serena says**

This book made my head hurt. Tre and LaLa were both freakin idiots for having a sexual relationship when he had a woman and kids at home. And LaLa had the nerve to be surprised when she came back and Tre wasn't welcoming her with open arms...girl bye. I really wanted to cuss LaLa out and I'm glad her cousin did it. You get pregnant and run off because you don't want HIM to be inconvenienced cause he already has a family? WHAT??? What a dummy. He wasn't worried about the consequences when they were banging at work...omg. And I almost threw my kindle out the window when Tre smacked her. You have to be one sorry ^#\$\_@###^#\$ to slap a pregnant woman. I wasn't going to read part two but seeing as how this one ended I will be reading it. I'm ready to see Tre's girlfriends reaction when she finds out the book she has been reading is based on her boyfriend and another woman. Oh the drama.

---

**Andrea Williams says****Wow is all I can say!!**

Loved this book.. Tre got his self in some stuff and he should only blame his self. That tamika heifer grimey as heck. I feel where lala is coming from and I hope she make tre suffer if he don't stick to his promise. What will kisha do when she find out about all this? 5 star book all the way!!

---

**Tonia says****Side Chic**

Tre need to learn how to keep it in his pants. Lala was wrong with sleeping with him she should of still kept saying no then she wouldn't be in the position she's in. Tre need to man up and tell Kisha what is going on. Tamika is a thirsty hoe

---

**blover says****Side Chick Volume one is off the chain**

This book was good as hell. I can't wait till I start book #2 of the 5 Book series. I will get to reading that very soon.

---

**Shekie Johnson says**

Yaass this was a great read. I will most definitely be reading part 2!! She really played the side chic rolled until the pregnancy popped up!! I can already see that Tomeka is going to be a problem. Lol at Trey!! Its about to go down!!!

---

**Goodread says**

must read, on to the next part 2

---
