Steamfate Kat Daughtry

Destiny, though powerful is never convenient. Every second proves this as the forbidden love of Adam, a man of royal law, and Zona, the leading element of revolution fight the natural order of society and listen to the adoration flaring inside their hearts. Through the blinding weakness of love, every moment holds the choice of fate or foe. Will their love survive obligations as the battle leaves death and destruction in the path of each stolen moment? Every good man deserves a woman like Zona and every strong woman deserves a revolution. Experience the hardships of destiny in the steampunk erotic tale of Steamfate.

From Reader Review Steamfate for online ebook

Chrissy Moon says

I just finished reading this book and I feel like my heart is breaking into a million pieces.

First I should say that sometimes I'll read a book in 2 hours and sometimes I'll read it in a few years; great books come from both categories (It's taking me even longer to finish Harry Potter 4). It all depends on how much information is fed into my brain, because I'm quite a slow reactor. Some books I need to read slowly because I don't want to miss anything, and I'm very glad that's how I approached my experience with Steamfate.

I am so sad for things that can go wrong, how two people who love each other don't get to be together. I am going to re-read this book, because I feel there are a lot of layers of this story to be absorbed. It is clever on so many levels.

Zona is complicated yet not, a tiny bit fragile but 99% made of pure strength. I absolutely hated Isabelle and I did not like the fact that it was hard to know who to trust or who was honest.

There were so many twists I did not expect and like I said, I will have to read this book over again to get the full effect of it, because it is obvious the author labored greatly over this novel. There are a number of great quotes that I will always remember.

What an amazing accomplishment of the author. When she writes more, we can be sure it's going to make the reader feel the same romance, betrayal, and outrage that the characters do.

Thom F. says

Kat Daughtry's SteamFate is the "Game Of Thrones" of Steampunk!! Every twist and every turn sucks you in further and further. This is a definitely a must read. This lady has the ability, not only to create a world, but make you never want to leave. Her steampunk inventions and ultimately her Revolution blow you away. Oh yeah, It's one hell of an Erotica, as well!!

Cheers and Happy Reading!

I received a copy of this book from a Goodreads giveaway for reviewing purposes.

4.5 Stars

This book was amazing! It contained a lot of sexy funtimes throughout the book but also had an interesting story to go along with it.

First let me start with the main characters. I loved Zona who always seemed to be working towards some sort of end goal but was always willing to give herself fully to the cause she was fighting for and in her feelings towards others. As for Adam I found him somewhat of an enigma sense he could never seem to commit to anything he thinks or feels about.

The story was wonderful and far more in-depth then what I was expecting to come from an erotic novel. In fact I got more into the story then the sex scenes at times. It wasn't just a story about the steam revolution but about those involved. Whether one could overcome their fears and obligations to truly set themselves free, or if they'll let someone else make that choice for them. And if a person is willing to give up on things/people that work against them.
