Trudy says

Some of this book is a little hokey for me, although I am a lover of ritual and transformation. But, regardless, there is a lot of amazing information about many magical things and I highly recommend this book!

You have read one book of Margo Anand, that's enough.
Go on with your own creativity and your body's own wisdom.
Sometimes it seems that publishing companies just make the author of a "successfully" sold book getting another book out to increase profit.
