## **The Story of Us Komal Kant**

There was a time when I was certain how my life would turn out.

It would be us going to prom. It would be a spring wedding. It would be having two kids. It would be with you.

That's not how it ended.

That night, you destroyed me. You broke me in ways I never imagined. You shattered every hope and every dream I ever had. Sure, things were at a low between us. Sure, we both made bad choices that night, but we could've made it work. We could've made us work.

But now there's no prom. No wedding. No kids. No future. Now there's just misunderstanding and regret. Now there's just me, left to look back on what went wrong.

This is the story of how we fell apart.

This is the story of us.
