## **From Reader Review We are human angels for online ebook**

### **Patricia Mozis says**

Best book ever. Everyone should read and re-read. This is my 3rd time and will read it again as needed.

---

### **Stephanie Fletcher says**

An interesting perspective which engages from the start to end. A must read for all those following a spiritual path.

---

### **Sondra Corral says**

#### **W as not the book I was wanted .**

Became confused in some areas. The content was not what I thought it should have been. Would not recommend this book.

---

### **Michael says**

Small book with amazing insights. A must read!

---

### **Petra De Wilde says**

#### **Brief and effective**

It reads very easily. Both lists are a good overview. It would be still better if there would be examples with it.

---

### **Sara Abdeen says**

I read a few tips and short parts of the book and I am so interested to read it all

---

### **Nicola says**

It's good to read the book and it's interesting to read the book and it's powerful
