This book took me so long because this is the second book and I don't want to run out of something so good and rare like a genderbending main pairing who are capable and has dubious morals and interesting political stuff in the plot and now that I finished this book I'm both torn between wanting to read more and reluctant

to proceed and end the series.

Also I'm a dirty perv and can't help but enjoy the various bed scenes with its hilarious euphemism about "waging war" www
