A Cowboy to Kiss Mary Leo

THIS COWBOY WON'T QUIT

Jake Scott welcomed the invitation from Kenzie Grant's father to visit their ranch in Idaho. It was a chance to help out an old family friend, and to see Kenzie again. But judging by her frosty reception, his old friend wasn't informed—and isn't amused. The stunning little spitfire that dogged him around when they were kids has grown into a fabulous force to be reckoned with. And he's in her crosshairs.

It's tough to tell which she resents most—his advice on eco-friendly ranching methods or just his presence. Either way, he's got her riled. Just not in the way he'd hoped. How can he convince her that working together could be the best thing for the ranch...and for them?

ReadingInThe6ix says

This was good - not great, not bad...just kind of middle-of-the-road good.

Kenzie and Jake were both interesting characters. I enjoyed the prologue and thought there was a lot of potential built in for a better story.

I thought Kenzie was a great heroine...strong, capable, smart. I'm not sure I would have held a grudge against Jake as long as she did, but it wasn't too over the top to be believable.

I like Jake, although He started out a bit irritating when they first saw each other after all those years.

This was a decent read - I wasn't thrilled with the resolution (for a guy so set in his farming ways on a massive ranch, it seemed to be given up way too easily to move to a small struggling farm just because Kenzie wouldn't move...I struggled with this).

A Cowboy To Kiss by Mary Leo. Jake Scott parents own a ranch in Montana. Kenzie Grants parents own a ranch in Idaho. Kenzie is running it now. Growing up the families visited back and forth until one day Jake laughed at Kenzie when she kissed him as a young child. Kenzie never forgot that laugh and didn't visit the Scott ranch after that and wasn't around when the Scott family visited the Grant family. Now the Grants are renewing their vows. Jake shows up and wants to teach her some new ways of running a ranch. Kenzie fights him all the way. This is a very funny book. I loved it. A good read.

[THIS COWBOY WON'T QUIT Jake Scott welcomed the invitation from Kenzie Grant's father to visit their ranch in Idaho. It was a chance to help out an old family friend and share a more natural approach to ranching, and to see Kenzie again. But judging by her frosty reception, his old friend wasn't informed—and isn't amused. The stunning little spitfire that dogged him around when they were kids has grown into a fabulous force to be reckoned with. And he's in her crosshairs. It's tough to tell which she resents most—his advice on eco-friendly ranching methods or just his presence. Either way, he's got her riled. Just not in the way he'd hoped. How can he convince her that working together could be the best thing for the ranch...and for them? Especially since some of her hostility is because he laughed as they shared her first kiss ever and she's never forgotten it, but he doesn't remember.
