## **Bartender with Benefits Mickey Miller**

*A steamy standalone Romantic comedy from Top 100 Author Mickey Miller*

### **What happens when a good girl and a bad boy fake an engagement?**

My best friend's sister and I have a history that we'd rather keep secret.

So when we make up a lie to get a loan, I should have seen the writing on the wall.

Now, she's my fake fiancée, which means we'll be spending more time together.

And Clarissa wants more than just free drinks.

Good thing I'm the guy who can give her what she wants.

As long as her brother doesn't find out what we're up to.

It was just a teeny tiny lie we told the loan officer.

"Together? Yes, we're together."

Now, Clarissa and I have to play like we're engaged.

Pretending to be my fiancée is a huge favor. Given my notoriety, the bank won't loan to me unless I have a partner.

Clarissa's putting her good girl reputation on the line for me, and I can't let her down.

She claims it's because of a sacrifice I made for her, years ago, but I don't like delving into the past.

Clarissa's got her own requirements for holding up her end of the bargain.

She's heard about my 'special ability,' and not the fact that I make the best Martini in town.

So we make an agreement: No feelings involved.

Which, with her, turns into really hot *benefits*.

Did I mention this was during our very public, very fake engagement?

This is about to go wrong in all the ways it can go wrong.

Luckily, I know a guy who makes a hell of a stiff cocktail.

I have a feeling I'm going to need one before this roller coaster ride is over.

**Bartender with Benefits is a steamy standalone, and book 4 in the Blackwell After Dark Series! It is dual POV first person, with an HEA!**

## From Reader Review Bartender with Benefits for online ebook

### **Lauren Lascola-Lesczynski says**

Loved Mason and Clarissa's story.

Mickey always comes with the sexy and funny reads. This was no exception. I might be at the bar more if I have Mason serving drinks!

He can mix more then just a mean cocktail ;)

Clarissa is the good girl, the untouchable girl, the I have to have you kind of girl.

Mason is a bad boy, no good for the likes of Clarissa, but that doesn't stop him...

Grab a drink and sit down and get lost with Bartender with Benefits.

#### **Friends with lots of real benefits, and no end in sight.**

Book four in the Blackwell series is all about Mason and Clarissa. The smokin hot bartender and his best friends little sister aren't supposed to be a long term thing. This series just gets better and better. Can't wait for the next one! Super read! Enjoy!!!

---

### **Liz says**

I am loving the Blackwell series by Mickey Miller and Bartender with Benefits did not disappoint. In this very hot and steamy installment of this standalone series, we finally get Mason and Clarissa's story who we have met in previous books. I was so excited to get my hands on this book because we know there is history here!

Mason is the bad boy bartender with the heart of goal. When he finds himself in need of a loan, he also finds himself in a fake relationship with Clarissa, his best friend's little sister. She should be off-limits, but the more time they spend together, the more they cross lines that shouldn't be crossed.

Clarissa is your good girl with a side of nerd who does not see how beautiful she really is. But Mason sure does notice it. Mason and Clarissa have history and a very strong attraction they both try and deny. But the more time they spend together, the harder it is to continue faking it. But their chemistry screams off the pages and cannot be denied.

The Blackwell After Dark series has been a fun, sexy and very steamy series of standalones with over the top alpha men and the women that bring their knees and Bartender with Benefits was all that and more. I loved the character and their story so much. It was emotional and full of passion!

Read and reviewed for Sultry Sirens Book Blog.

Happy reading!

### **Julie's Book Land Reviews says**

A story full of emotions, differences and straight up romance. Mickey Miller is the indie author of our generation and beyond.

---

### **Shelly Reynolds says**

"She's the woman I've wanted since I was too young to know what it even meant to need to have a woman to be my partner and leave my legacy to the world."

Holy Hotness!! I'm not a big drinker, but Mason makes me want to go bar hopping looking for him!! What a sweet and steamy story!! I love a good "second-chance, even though there really wasn't a first-chance, but almost" romance!

Clarissa Hanks is back from Harvard and trying to figure out her next steps. She and Mason Worthington have always been friends. Well, almost more than friends at one time, but friends none the less. And she's in love with him. Always has been. Now, he needs her help to make his dream of owning his own bar a reality. Can she fake a relationship with him and protect her heart at the same time? Can she enjoy the "benefits" with no promise of a future with the man she loves? When his dreams are fulfilled, will she be able to walk away intact, or will she be shattered into a billion pieces? Again.

Mason Worthington has it bad. He is in love with Clarissa Hanks. But, he can't have her. He never could. Not only is she the little sister of his best friend Cole, but he's not nearly good enough for her. Now, because of a misunderstanding, he needs her to be his fake girlfriend to get the loan he needs to start his own bar. Fake would be hard enough, but she's demanded additional "benefits" as part of the deal. When their act comes to a close, will he be able to let her go? Will he be able to convince her that this isn't fake for him. He wants her forever, but will she stay?

I love this series so much! I loved Cole. Then I loved Liam. Then I loved Sebastian. Now I love Mason. Each book and each couple were amazing in their own rights. I highly recommend you check out Blackwell After Dark series!

### **Ingrid says**

Mickey Miller has added this scorching hot read to his popular Blackwell After Dark series chronicling the circuitous story of Mason Worthington, the bartender with, ah, benefits, and Clarissa Hanks, the all grown up sister of Cole Hanks, Professor With Benefits, and Mason's best friend. The author combines the best friend's little sister trope with a surprising backstory and unrecognized love and the result is the very engaging Bartender with Benefits.

Clarissa Hanks has recognized her academic dreams of a Harvard education, but is back in small town Blackwell after her mother's health scare. She is such a good girl and finds herself in a popular bar, listening to some guy pontificate about past exploits when she is "saved" by the talented and hot bartender, Mason, still her brother's best friend and hotter than ever. One thing leads to another and before either realize it, they

are fake dating in order to secure a business loan. But the road to perdition is lined with the best of intentions.... Lines are crossed, intentions are blurred, and suddenly, it might just not be so "fake" anymore. Was it ever? How do Mason and Clarissa deal with their changing feelings? Hmm, do their feelings really change? How does Mason justify the huge breach to the "Bro Code" to himself and to Cole? All of these burning questions are answered with well-developed characters, witty dialogue, a great backstory, and of course, Mickey's trademark HAWT sex scenes. This book represents a slight departure in Mickey's writing style as the book is 75% male POV, showing growth and daring. But, I loved this book and believe it is the best to date in Mickey's library. One-click and become a Mickey Miller fan too!!

### **Dora says**

I voluntarily reviewed an Advance Reader Copy of this book.

Wow, this book is one that you NEED to READ—you won't regret it! From the very first page, I was spellbound by these fantastically described characters that you will find yourself falling in love with. The story held my attention and was entertaining, but also was heartwarming and emotional. Set in a small town called Blackwell, and now we get Mason Worthington's story. Mason is a very handsome, tattooed and he is the head bartender of The Watering Hole bar in Blackwell. As you might remember, Sebastian Blackwell owns just about everything in the town of Blackwell. Mason's best friend is Cole Hanks, the professor. I love how Mickey Miller brings the other characters from the previous Blackwell books into the picture. Clarissa Hanks is back from Harvard with a Master's degree, and she is Cole's younger sister. Mason has always had a crush on Clarissa since high school, unbeknown to Cole, but he cannot break the "bro code—which includes not dating each other's siblings." Clarissa has also had a crush on Mason since high school as well, but who would think that the high school crushes would turn into something else. Now, Mason wants to open his own bar, so he solicits Clarissa's help and propose a fake relationship—in order to help, Clarissa wants benefits. Will Clarissa be able to maintain a fake relationship and protect her heart? What will Cole say about the fake relationship—and will this end Cole and Mason's relationship because of the bro code? The scenes are well written, fast-paced and flow smoothly from one scene to the next. The book will pique your interest and draw you in from the beginning to the very end.

### **Laura says**

I know many fans of the Blackwell After Dark series have been eagerly awaiting Mason and Clarissa's story, ever since Clarissa's brother Cole first appeared with the inaugural Blackwell book, Professor with Benefits. I have to say, Mr. Miller does not disappoint. Mason and Clarissa have wanted each other for so long but have to hide their attraction because Mason has two golden rules: 1. Don't get involved with coworkers, 2. Don't get involved with friend's sisters. Clarissa becomes both after she returns to Blackwell after university to see her mother and gets a job hostessing at The Watering Hole. Then Clarissa encourages Mason to try to open his own bar and things snowball from there, with both of them committing to a fake relationship to secure the bank loan because the bank was reluctant to lend the money to just Mason alone, or even to both Mason and Clarissa, were they not seriously involved with each other. Can they survive the bar opening as well as overcome the incident from their past that both binds them together and tears them apart?

I found myself laughing out loud a lot during this book, more than with any other previous book in the series,

so it's definitely got humor down but despite the humorous erotica tag, it's really more of a rom-com with a best friend's little sister, second chance romance all rolled into one. I really enjoyed this book, as I always do with books by this author and I look forward the next book in this series as well as any other books Mr. Miller has up his sleeves for us.

### **Samantha I Love HEA Romance Book Blog says**

I've been anticipating this latest instalment to the Blackwell After Dark series by Mickey. I was so ready to meet Mason in all his hot bartender glory! And although Mechanic With Benefits is still my favourite of the series, I did enjoy reading Mason's story.

I did however get a little confused as to where this story fit in the timeline of the series. Looking back on the others Mason was always single and it was never suggested otherwise, but this book seemed to be happening at the same time as the others, so I got a bit confused a couple of times. I thought it was a little repetitive in regards to them saying how they felt about each other throughout the story. But I did enjoy this read and I loved the characters!

Mason is such a hunk! A tattooed, bearded bartender who talks dirty, what's not to love about that? He's a joker, but he is such a sweetheart. He is one of my favourite characters from this series.

Clarissa is a nerdy type girl. I would have loved to read more from her point of view so I could of gotten a better feel for her character.

The story is hot, it's sweet and it will keep you captivated. This story is mainly written in Mason's POV. I thought it was quite funny in some parts, and I actually got a little sad for Mason at the end. I really enjoy reading Mickey's books and I can't wait until his next release!

### **Sherill says**

#### **SIZZLING ROMANCE**

**BARTENDER WITH BENEFITS - SIZZLES WITH FIERY PASSION & DEVOTION.** An enticing read that I could not put down until the heart-melting conclusion. Inside; humor, true friendship, action, heart-rendering moments, flashbacks give the reader insight into both characters. suspense, and intense sensuous romance.

Mason is eye-popping hot, irresistible to the ladies and makes his drinks with flair. Clarissa is a sultry intelligent beauty and a graduate from Harvard. The two were friends in high school and then drifted apart. Clarissa's brother is Mason's best friend and has made it clear to him that his sister is off limits. Both have a bit of a haunted past; giving into the temptation of a forbidden love makes this story one wild ride.

**FABULOUS** read with terrific characters and dynamic vivid scene descriptions. Mason and Clarissa's chemistry shine in this story; loved them together. I laughed, got a bit emotional and cheered at the end. Finding this to be a most entertaining read; of my own volition without stipulations, I reviewed an advanced copy. Without reservations, I recommend this read.

### **Natasha Hooks says**

Bartender with Benefits, where can I find me a Mason at???!!! Clarissa don't get caught slipping, because I love me some Mason! This book was literally everything. At first I was like, okay this is just another typical best friends sister read. Nahhhh! Not at all. This book was deep and it just captured my heart and I should've known that coming from Mickey Miller, nothing would be typical. This book had me connecting to it from Page 1. Had me hawt and bothered. I always love to hear about my baby daddy, Jake Napleton and love when Mick mentions him in all of the books. If you don't mind yelling at the book and then not being able to stop reading it until it's over, then this is totally the book for you. Not to mention the hot af scenes, OMG! Had me melting, literally.

You have this book coming from the wonderful town of Blackwell, where things happen at night. I would love to live in Blackwell myself. Especially with all of the well-endowed men in town, hehehe! In this town, Mr. Blackwell himself might even be able to get it because he has swagger that jumps through the book as well! #DONTJUDGE ME

If you don't mind yelling at the book and then not being able to stop reading it until it's over, then this is totally the book for you. Not to mention the hot AF scenes, OMG! Had me melting, literally. I can say the one good thing that I have grown to love about said, Author is that he knows how to capture your heart and make you addicted to the characters, and makes the book melt. It's not just a whole bunch of sex and no content. Pretty much! This is a must read

---

### **Tuakana Toka says**

#### **Fantastic....**

Wow, this book is hot and a MUST READ! You won't regret it. From the very first Chapter to the end you will be captivated and spellbound by the characters that you will find falling in love with. The story is entertaining, also heartwarming and emotional. Mason Worthington's is handsome, tattooed and the head bartender of The Watering Hole bar in Blackwell. And so sexy and hot. Clarissa Hanks is back from Harvard with a Master's degree, she is not only Mason's best friends younger sister but also high school crush. Clarissa has also had a crush on Mason since high school as well, but who would think that the high school crushes would turn into something else. The scenes, so descriptive are well written, fast-paced and flow smoothly from one scene to the next. The book simultaneously piques ones interest as well as draws you in from beginning to the very end. "Fake" falling in love has never felt more believable than it did Mickey Miller style. Recommended highly.

### **Jask Afsh says**

Loved this novel. Loved Mason and his heart of gold. It is by far the best in the series. Ending was cliche but I liked it. Great work Mickey Miller. Must read

---

**Erika PBookHavenBookBlog says**

This series never fails to bring fun, likeable characters with off the charts hotness, and scenes between the couple that are always fresh and original, not to mention sexy as all get out!!! A blast to read, flirtatious, angsty in spots, the banter kept me glued, all in all a great read! I thank the Author for providing a copy to review!

**Amanda Dubuque says**

Great book, I really enjoyed Clarissa and Mason's story. This book is a friends to lovers story that started when they were in school together. Clarissa was the nerdy type and Mason was the bad boy type. Mason had promised Clarissa's brother that he wouldn't try and date his sister but as time went on Mason was more and more attracted to her making things hard between them. Little does he know but Clarissa feels the same way. This is a great book and I recommend it to everyone.
