Good Reading

Quick, easy reads that held my attention throughout. I connected with the characters and the stories moved at just the right pace.

Review for Appalachian Abduction:

Detective Charlotte Helms has been suspended because she is trying to find those involved in the trafficking ring to save her best friends daughter and other girls. But when Officer James Tedder finds someone at his dads old cabin, he runs into Charlotte and tries to learn what she's here for. Loved the way their partnership grew in the way of helping one another as well as turning into more. There are definitely more dirty authority out there that Harlan is going to discover.
