I have fond memories of my mom reading these books to us over lunch. And we'd beg her to keep going when lunch was over too, because we just had to know what happened! Well told, engaging, adventuresome and you learn about a famous Christian in history.

Ages: 7+

This is a story about the life of the missionary to China, Adoniram Judson. It is written for the younger generation but I had purchased it for a 13-year-old and wanted to read it before giving it to her for Christmas. I found it engaging and easy to read.

I liked that Myat decided to be a Christian instead of a smart aleck.

Read this aloud to my kids. Adoniram Judson was a Christian missionary to Burma and this is an interesting look at a period in his life when he was falsely imprisoned (and nearly put to death) as a spy during Burma's war with England. This book mostly focuses on his first wife, Ann, and her tireless efforts to get Adoniram released. Ann died shortly after these events took place.

These missionary bios were part of my homeschool curriculum growing up, and how my family adored them! We burned through most of the series, though the Judson's story was perhaps our favorite.

Adoniram & Ann Judson's story is amazingly inspiring. After the birth of their child Ann fell ill. Adoniram was in prison at the time and convinced the jailer to let him go out twice a day to find a local woman to nurse his child so that she could survive. Amazing!

Imprisoned in the Golden City was assigned reading when we were learning about Adoniram and Ann Judson's missionary work in Burma. The story is told through the eyes of the two Burmese girls who lived with the Judson's as foster children for a time. The book does a good job of showing the hardships the Judson's suffered, while not going into too much sad detail (the Judson's lost all of their children, and Ann died shortly after the time period covered by the book concludes, Adoniram later lost two other wives, etc). I also appreciated how the story conveyed the Judsons' faith in the midst of injustice and hardship, and showed their kindness and selflessness helping the Burmese people around them even at risk to themselves. If you're into missionary biographies, this is a pretty good one, and more read-aloud-able than many.
