It's Not Your Money: How to Live Fully from Divine Abundance Tosha Silver

From the author of the acclaimed Outrageous Openness, a witty and spirited guide to radically releasing the burden of financial fears

It's natural to crave prosperity. Some seek to manifest it in myriad ways--using anything from vision boards to writing a pretend check for a million dollars from the Bank of Divinity. Yet whatever comes, or doesn't, the mind always seems to want more.

But what if there was a whole other way? Instead of grasping and chasing, what if we offered everything--our money (or lack of it), our triumphs, our problems, our desires--fully back to Love? What if this offering itself was actually the secret to abundance?

Tosha Silver, internationally beloved spiritual guide, has created a practical and powerful financial book unlike any other. Leading you through a deeply transformative eight-week process, she shares the mental, emotional, and spiritual steps that anyone can take to learn to fully receive and prosper. Her step-by-step guidance is filled with prayers, meditations, and stories to help you find and heal the source of these fears and unworthiness. As you come to know you are part of something larger--something that you serve and that longs to serve you--you begin to feel a new sense of freedom and abundance.

From Reader Review It's Not Your Money: How to Live Fully from Divine Abundance for online ebook

Joanna Garzilli says

Don't be deceived by the simplicity of this book. There is great power in it's pages because if you meditate upon the prayers Silver includes and you put into practice the uncomplicated actions she lays forth, you'll experience a greater sense of peace and understanding for a foundation to generating the abundance you desire. One part in particular resonated deeply with me: an older soul isn't necessarily someone with a bigger social media following or a celebrity status, this brought me a deep sense of relief as in the past, I've had the challenge of comparing myself to authors and coaches who have a larger social currency. Thumbs up for, "It's Not Your Money"!

MK says

I love Tosha's work and this did not disappoint. The front half of the book will feel familiar to fans of her earlier books but I found the back half full of a lot of new information. Some of it I've learned from other teachers but never laid out like this. The book has come to me at a time I desperately need to turn my money (correction - THE money) situation around and it's been incredibly helpful!

Sarah Joyce Bryant says

I have loved everything Tosha Silver has written, and this book is no exception. I love the simplicity of the weekly lessons, and her suggestions don't take a lot of time to implement, and yet, they are so very powerful. I have tried, with some success, to implement the law of attraction into my life, but something was always missing: enter Tosha Silver. She teaches that it is better to let go, and let things unfold as the Divine would have it, because life is SO much better than we could have imagined when we learn to let go and surrender the outcomes. It is truth. I have watched releasing and letting go of desires work miracles in my life, and that is the same for money. Thank you, Tosha, for writing a book on a topic that is so relevant to so many right now.

Diane says

This book cuts it down to the basics; just as I like it. If you love the law of attraction, this book is for you. She reminds you that truly the world will continue spinning so just let your mindset change on wanting to create your future and stop clinging on. Enjoy the ride and let things unfold as they are meant to be.

Avril Martin says

I can't wait to go back through the book with the accompanying workbook. Tosha's work is love driven and

so simple to follow.

Joyce De says

I am loving this book. I have loved every Tosha book to be honest. They're fun, practical, easy-to-read and I am enjoying the surrendering process (as well as the coconut smashing - super cathartic!). ;)
