## Leverage, Part 3 Alexx Andria

When love is the one thing you're afraid to trust...

Billionaire Boston Kincaid is ruthlessly arrogant in his pursuit of Julianna Holly, his runaway pregnant mistress. No one takes Boston for a ride -- least of all a woman. But once he tracks Julianna to the tiny Caribbean island of St. John, he realizes Julianna might just be the one holding all the cards and he doesn't know how to handle himself. Determined to win at all costs, Boston finds himself lost, up against terrible odds, and fighting self-destruction.

You realize it's the one thing you desperately need.

Julianna is in a terrible position. How could she possibly have fallen in love with Boston Kincaid -- the most domineering, emotionally constipated, rich guy on the planet -- when she hadn't even liked him very much from the start? As Julianna discovers, the heart wants what the heart wants and even though it's foolish, her heart seems to want Boston. But what about Miles Lassister, the sweet doctor who is everything Boston is not? Miles represents stability; Boston, passion. She knows she needs to make the right choice for her baby but her brain says one thing and her heart another.

Can Boston be the man Julianna needs him to be or will they both be crushed by their own stubbornness? Find out in the thrilling conclusion to Alexx Andria's new series, Leverage.

### **Jen says**

Great ending to a 3-part series! I don't want to give too much away, but I loved seeing Boston finally come to his senses! The series is both emotional and steamy, a must read! Looking forward to more from Alexx.

I received an ARC from the author in exchange for an honest review.

### **Joan Phllips says**

I really enjoyed the story although it should have been only one book. It was a good story except having sex with a stranger without a condom. Even though he had a checkup three days after, I'm sure he had sex with Julianna by the fourth day. Let's stay realistic.

### **Buffer says**

It was better than quite a lot of other novella type stories, and I wouldn't categorize it as erotica either, because the sex here is really minimal. Oh, and there is cheating in this series too - and graphic at that - so if that is a hard limit for you, steer clear from this series. I don't like it, but I understand its purpose here and I even appreciate how Julianna and Boston address this issue head on and work on the forgiveness, so I can overlook it in this instance. I would have liked Boston to grovel some more I guess. All in all, it's a decent series, with great emotional development.

### **Cheryl Graham-Petit says**

I was lucky enough to receive this book as an ARC for an honest review. This book ties up the Billionaire Romance Series perfectly. I loved this series! To see the relationship between Boston and Julianna develop throughout this series was great. They conquered obstacle after obstacle and came out stronger. The books in this series had it all... passion, jealousy, anger, fear, guilt, heartache, drama, sadness and love.

Because hero had sex with a total stranger which was graphically described ( I honestly thought he was going to stop before its too late , instead i had to read the full scene were he had 'two' way sex with a stranger) ughhh... I totally hated it. I read this book few months back still couldn't stop writing a review. And lets not forget that heroine was pregnant at the same time and he threw his sexual encounter in her face. Why why!?. And he just felt a tiny sense of remorse after that and there wasn't any groveling. And I'm amazed nobody else had problem with the hero.

Previously i read this author's another book (biker romance) where again the hero had sex with another person. So I'm quitting with Alexx Andria book.

### **Raj says**

This may sound perverse but I'm rating this book 5 hot stars due to the scene the hero has with a total stranger without a condom .It was raw erotic even though it was interspersed with minor thoughts of remorse felt by the hero to induce apathy I guess,he still enjoyed himself immensely.....as indicated by his various responses:

"JesusMaryJoseph...he saw stars of pleasure as the tight walls.."

"Oh God, oh God, oh motherfucking God!" Ally screamed before going rigid and shattering beneath his tongue..

"Go big or go home. That was the only way he lived. "Come here, darling, I got something for you,"

"He wasn't going to let this woman leave his hotel room until he'd given her what he promised. He may be jerk, but he wasn't a liar.."

"he let go as stars burst behind his eyes and insane pleasure rippled through him as he came hard, pumping load after load of his juice.."

she rolled to her back with a deeply satisfied sigh, saying, "Holy shit...you delivered, baby. You definitely.....Yes I would say he definitely was full of remorse.

This series was just so-so for me. I can't say I truly liked it, but it was an exciting, if guessable, ride. The author has a talent for writing about hot sex, and characters that you want to love and hate. I wanted to smack the heroine for being so naive, and to scratch and claw the "hero".

### **J.L. says**

See my rating on the bundle. I read the three parts as one story.

### **Alwaysreadingbooks - Reading Drinking and Relaxing says**

Loved the wrap up of this story and of course I loved Boston and the man that he became. This was the perfect ending to their story and the added bonus that I get to hear from Vince again was a plus. I loved to see the things that Boston had to go through to realize the man that he is suppose to be and to realize that there is nothing like a good woman to make you a real man

[Has graphic sex scene sans condom with OW while h is pregnant and feels little to no remorse and enjoys it immensely (hide spoiler)]

### **Christine Lacombe says**

Oh my freaking gosh!! My heart was pounding, literally pounding while I was reading this conclusion to Boston and Julianne's love story and yes, it is a love story!! Even though Boston has done some stupid things up to this point, I could see he loved her even though he couldn't or wouldn't admit it her all because of his past relationship with Gigi, ugh!! At 25% into this book, I was like, NOOO!! Please Boston, don't do that!! I actually hated him at this point, with a purple passion. What did he do you ask?? Well read the book if you want to know. You will want to know how she handles this betrayal and how he redeems himself, because you know it is a love story like I said. And if you have read Alexx's books before, you know there is an HEA at the conclusion. It is just the way she builds up the storyline that's makes it enjoyable to read and to finally reach this conclusion. This series tops right up there with the Buchanans!! Fantastic job Alexx. I totally loved it and the epilogue was fantabulous!! I received a copy of this book for an honest review and I thank you so much for giving me the chance to read it. So if you have read the first 2 parts of Leverage, then this is a must read, you will be so glad that you did, I know I was.

**Kristin says**

I liked the resolution to this frustrating little tale, but after all the crap he put her through I felt it was wrapped up a bit too quick. Not that I want chapters of groveling, but I guess I needed something more to offset the pages and pages of rehashing of how upset she was versus how much she loved the jerk. Perhaps this would've worked better as a single story. I know it sounds silly; but I needed more, and yet I needed less.

Still a decent read. Just not one of my faves. I may fall for the leading guys even when they are grade a assholes, but I still need to respect and/or find the heroine believable.
