Susan says

We read the Spanish version but can't find it listed here.

Katelyn says, "I don't Randall. He has 15 arms! I like Boo and I like Kitty. It was a good book."

The Book Box says

Daddy read this to me before bed the other night. I'm on a huge Monsters, Inc kick and have been watching both movies every few days, so it was fun to read the book version.

Siobhan O' Sullivan says

callum loved this one! short and sweet!

Partridge Public says

Disney K-1st

Sarah Adamson says

This is a nice lightly shortened version of the movie. Great pictures, wonderful use of the characters and fun adventures!

Cassie Hawkings says

I loved this book as a kid. I've still got it.

The book is a shortened retelling of the film and tells the story of Mike and Sulley, two best friends who are one of Monsters, Inc's best scare teams. Sulley is the company's best scarer while Mike is his assistant and handles all the paperwork, etc. The friends are caught up in the arrival of a little human girl who's monster is Randall, Mike and Sulley's rival. After a series of events, Mike and Sulley's friendship is ultimately tested when he is forced to choose between his best friend and his new little friend.

Will Mike be able to get over this betrayal? Read on to find out! 5 stars. Great for kids big and small.

Amy victoria says

it was ok, missed alot of the film, read it with my little girl, she loved it though hence the 3 stars

Stacy says

I am getting sort of burnt out on Disney for a while.

Anyway, the book is basically the movie in condensed form. One question (to me it seemed so obvious) that seemed to not occur to any of the monsters, was if human children were so toxic and dangerous, why was it ok to go into their rooms every night to scare them?

Dharia Scarab says

My love of reading started when i was young, and it gives me immense pleasure to provide books to Spread the Word Nevada, an organization that passes them on to children in the community. They are a terrific organization supporting an important cause. If your local I encourage you to check them out. For those living further a field, look in your own community, their may already be a similar program in place. And if not, you can always help start on.

<http://spreadthewordnevada.org/>

Myself, I go out on the weekends and shop thrift store and bulk book lots to rescue books and donate them. Sometimes I'll find a book I remember reading when I was young and will read it again before passing it on.

I don't rate these books using my normal scale, instead I give most of them three stars. This isn't a Criticism of the book, simply my way of rating them as good for children.

Ricky Ordway says

This book was a shortened rendition of the film. It tells the story and my 7yr old still doesnt mind reading this to her 2yr old sister. It is a little more advanced than an "I can Read" book so its good for those children that are stepping up from those books. Its also a great idea to use to make reading more attractive to a student that may not show the most interest in reading.

Saima says

Best Movie Of All Time!

Derek says

The results of this book, as far as my son are concerned, are:

- 1) There are monsters in the closet. (He's not afraid of monsters, so I suspect that at some point he will go on the search for them, in the hope of capturing one or more.)
 - 2) There's such a thing as a "scream extractor". (I'm not sure where he'll go with this bit of knowledge, but will make sure he doesn't attempt to build any big machinery.)
-

Theresa says

retelling of the movie with movie stills

Amanda_DJ n' Zac says

DJ read this with his dad. Each night this past week they read a little bit, before Nick had to leave for work.

Tasneem El-shreef says

* watched, more and more times .
