Snow Angel Joey W. Hill

Book 9 in the Twelve Quickies of Christmas series

In her misspent youth, Constance used sex as a shallow substitute for the intimacy and love she craved. Fifteen years later, she whispers her deepest wish into Santa's ear at a Christmas benefit, only to discover he is someone who was part of that unfortunate and embarrassing time of her life.

Mortified, she plans an early exit from the party, but Santa has different ideas. Sam Coble always wanted to get to know the girl behind the reputation, and now that she is an accomplished, independent woman, that determination spurs him to action.

Constance is going to discover this particular Santa has a soft spot for naughty girls. He plans to give her everything she ever put on a Christmas list...and then some.

This story was sexy and sweet. Candice was a slut in high school, but realized she wasn't going to find what she really desired by opening her legs, so she's been basically celibate for fifteen years. She now works for a children's foundation. She tells "Santa" that her Christmas wish is to be cared for and wake up in someone's arms on Christmas Day. (He saw her, saw she was sad, and cajoled her into sitting on his lap and telling him her wish.) Turns out Santa is one of the only guys from high school who didn't take advantage of her and saw her for who she was. And he's kinky and dominant. And knows shibari. :-) And he wants to make her Christmas wish come true.

This officially became part of my holiday reading traditions. A wonderful read full of heart and Christmas cheer. :)

Christmas wish - Not to be alone. Ms. Hill puts a very loving and yes, erotic spin to this wish.

Nancy says

Not really sure about this short story. The guy was a bit weird, assuring her he didn't want to use her then admitting he wanted to use her to get away from his crappy divorce. Hot different sex scenes though, can't say that about most paint by number erotic books.

Rinou says

Une héroïne au passé un peu lourd (et qui se comporte encore un peu pareil) et un héros aux goûts étranges m'ont fait passer à côté des scènes de sexe.
