## **The Break-In** Sloan Parker

Heartbroken and lonely, Billy's been breaking into his ex-lover's apartment every Friday night for a little solo sex in the bed they used to share. One night he almost gets caught. Now he has only seconds to decide if he should stay or run from the most erotic encounter of his life—and maybe a chance at love again.

This story includes m/m/m sexual content and was originally published via the author's website.

Contemporary Erotic

Short Story

includes m/m/m sexual content

16 pages (in PDF)

Word Count: 6,000

### Author's Note

This story was inspired by the Alanis Morissette song "Your House" where she walks into her former lover's house, puts on his robe, listens to his music, and lies in his bed, all while he's seeing someone else. I wanted to write a story with a similar theme, but give it a romantic twist. "The Break In" is the result of that personal challenge.

## Kirstin says

This wasn't my favorite of Sloan Parker's short stories, but I could definitely feel the honest, raw love that existed between the trio.

I was confused during the beginning, not fully understanding whose house Billy was breaking in to and then why he was sent to prison, which was never fully explained. There was just too much left open for me.

---

## Ami says

[is not one of my favorite tropes, hint hint (hide spoiler)]

---

## Serena Yates says

The whole idea of breaking into a former lover's place to lie in his bed while he is out is really funny. As Sloan says, this short story was inspired by a song, but she definitely gave this version her very own, and very naughty personal twist. Not to mention the light humor that morphs into sadness when Billy tumbles into the apartment one fateful Friday that will change everything. The feelings of regret and wishing to make things undone permeate Billy's thinking, and, never mind what he did to mess up his relationship, he definitely wants what he had back, and I felt for Billy.

What follows as Doug and Roger come back unexpectedly early is hilarious, hot, and just a little bit creepy at the same time. Without time left to escape, Billy ends up hiding under the bed, the description of which is the funny part. The two men kissing and getting ready to make love is hot, and the fact they don't seem to know there is someone under the bed (who would even suspect?) is just a bit creepy. However, in an ingenious stroke of romantic inspiration Sloan solves it all and made me breathe a sigh of relief. What a great ride!

If you like stories that are as hot and funny as they are romantic, if you appreciate a few twists here and there and like the totally unexpected, and if you're looking for a short, satisfying read with just enough angst to get you going, then I can definitely recommend this free story.

## Sloan Parker says

A short story that was originally published via my website. It's now available at Amazon and other retailers.

Billy's been breaking into his ex-lover's apartment every Friday night for a little solo sex in the bed they used to share. One night he almost gets caught before he has a chance to finish his usual routine and climb back out the window. Now he has only seconds to decide if he should hide and end up watching his ex have sex or run from the most erotic encounter of his life -- and maybe a chance at love again.

---

**Amy says**

This was pretty amazing for such a short story.

---

**jules0623 says**

I don't read stories about poly relationships much as they're often badly handled but this was perfect. The scenario I imagined in the beginning was completely off and I loved the surprise. The men coming together again was tender and sweet and I admit that tears did fall. Wonderfully done.

---

**Ayanna says**

Damn if this one isn't good. The setup is beautiful. The entire thing is short and as such, the setup is a bit brief, but still wonderfully worked. It reminded me a bit of the way Tale of Two Cities is set up, actually.

This is one of those feel-good stories, too. The emotions come through beautifully and although I do take some offense at the names (I'm sorry, but the author chose 2.5 of my least favorite guy names [even Roger's a bit iffy] so xe deserves all the scorn xe gets.  
)

Kudos, though, because it doesn't have pages and pages of gratuitous sex. I'm sorry, but sex scenes can only last so long so there's really no need to have it span 2-3 pages of excruciating detail. It's okay. I don't need to know every single little bit of the mechanics =\_=  
But this one was nice. I mean, the sex was raunchy, but it still was meaningful, so yeah.

**Kazza says**

I remember reading this short (before I started rating and reviewing) and really enjoying the premise and the characters. Now I'm going to have to re read it. No hardship there :)

**Shawna says**

2 ½ stars – M/M/M Erotic Quickie

---

**Nancy says**

I enjoyed More Than Just a Good Book, so I went into this story with high expectations. Generally, I prefer a

little plot with my erotica, but there are times I can enjoy an erotic story that has well-written sex scenes and allows me to connect with the characters.

From the start, *The Break In* did not settle well with me. Billy regularly breaks into his ex-lover's house, wears his ex-lover's clothes, and jerks off in his bed. This goes on until one day Doug and his lover come home early from dinner and Billy is discovered.

Billy is not your garden-variety stalker. There is more to this story which I won't reveal here, not to spoil what little plot there is. No matter the circumstances, Billy's odd behavior in the beginning was downright creepy and I was unable to connect with him in any way. After he was discovered, I was similarly detached from the other characters, found their behavior unbelievable and the erotic parts dull and uninspiring.

It was a struggle to get through this story.

### **LutaWolf says**

Very cute story full of details and amazing character connection. I was surprised the impact made in this story with it being so short but it was a good surprise. I was kind of creeped out at the start of the book but that just added to the emotional impact. Very good read.

---

### **Sandra says**

[he had actually been in a relationship with both men together, not just the one (hide spoiler)]

---

### **Bev says**

*Another freebie from ARE. I usually enjoy Sloan Parker stories, and this one was no exception. This is the story of Billy, who takes to sleeping in his ex-lovers bed to lose himself in the closeness that they once had...I did find that a little creepy I admit, and the taking their clothes and getting off in them...also weird...but there is more to the story than meets the eye, and I'll leave you to read the book to discover what that is. Not a bad little read.*

---

### **CrabbyPatty says**

Wow - what an impact for such a short story! Loved this unexpected plot and how it felt complete in just 16 pages. 4 stars!

---

**Trix says**

What a clever way of telling the story! Quite pleased with this.

I started the book believing Billy was reminiscing about his former lover, who had moved on. That he couldn't forget him, despite having broken up. So he had resorted to breaking in before the couple came home. What a surprise it was to discover that things weren't quite as I had imagined them. They were better.

Short. Original. Cute. Romantic.

You won't be disappointed.
