## **Victory Rising** Destiny Blaine

Months of longing eliminate the need for foreplay once Victory Rising decides to play for keeps. She knows what she wants and isn't afraid to go after it, even if her choices cost those around her.

Devon Kardashian has turned over a new leaf. The Heroes and Rogues club once profited from illegal operations, but no more. As leader, Devon has implemented legitimate business practices. Now, it's time to claim the woman who owns his heart.

When he invites Victory to his clubhouse, Devon risks breaking the truce with the Devil's Angels. What's worse, Devon's club members don't trust a woman who used to sleep with the Angel's chapter president.

Will Devon choose professional obligation or personal gain? Is Victory trying to settle old scores for her former club or has she taken the long way home and finally found a man who cares for her?

I received this book for a review from the author.

I give this a 3.5 star rating. This book was also a quick 76 ebook page read and i did enjoy it.

Ok so this book takes place a year after the last book ended. Devon is out of jail and has been waiting for the day he can rescue Victory from the opposing MC. Well her tires are slashed by her VP's wife?? Guess who comes to save the day? Devon. He takes Victory back to the clubhouse where alllll hell breaks out. Cara, the HR Club Mama, isnt going to have it. The women and men argue with Devon to kick her troublesome ass to the curb. When the other MC President shows up, there is a mini scuffle. All is settled and that is when it gets good and hawt. Devon is a dom and he wants Victory to submit to him. Most o this book is the two of them with 2 other people have an HR initiation to the club orgy style. If you dont like hawt sex theeeen this is not the book for you!! LOL

After the sexing is done, Logan from book 1 goes to check in with some people...trying not to spoiler it and we find out the opposing MC President is like Logan...GASP!!!! There are some issues for sure planned for book 3.

## Samantha Poe says

Just when the book got interesting, it was over. Too much unfinished business and just not good overall. I was very disappointed.

## Dana says

This is the second book in the series Heroes and Rouges. This one, too, felt rushed. Great idea, good characters, but resolutions come too quick. Needs the storyline worked out more, expanded.
