QUICK THOUGHTS (on the series):

As with Junjou Romantica, I really enjoy the artwork . Nakamura Shungiku can draw some lovely, lovely men.

With this series I just ADORE the very unique job most characters have (editors for shoujo manga) and the tongue-in-cheek glimpse that gives the reader into how a manga is made and what can be important for a manga to be successful. At first I really liked Onodera and Takano's story, but at some point it became rather repetitive and well most of my usual issues with consent(!!) and other BL typical tropes stem from their story arc.

I rather enjoy the other character's stories. And even though Hatori and Chiaki's is also rather problematic and had me cringing here and there (have I mentioned consent?), I really think they are interesting individuals and would love to see more of them. Hitting it out of the park for me in this series are Kisa and Yukina. I fell for them hard and fast and I love each and every chapter. Can there be more of them? Like just really, a lot of them? Aww! I identify with Kisa quite a bit and really, his and Yukina's relationship feels the most realistic, while being quite comedic and wonderfully dramatic at times. (I love Kisa's POV as much as Yukina's. I truly adore both of them quite a bit.) Last but not least, Yokozawa and Kirishima make my number two couple in this series! I adore that both have a 'past' that plays into their relationship (for Yokozawa it is dealing with Takano, for Kirishima it is his daughter he has to keep in mind) and how can you not just adore their domesticity and happy family life with Hiyo?

This just keeps getting better and better with every book. At the end of Onodera's story it keeps giving a number of days until he falls in love. I keep hoping that soon he will confess his love to Takano. I kinda figured that Hatai would kinda be the antagonist of the story..I thought maybe he and Takano has a past together and in a way they do, just not in the way I first thought. But come on, we all know there is no way he or anyone else will be able to take Onodera away from him. I can't wait for Volume 9. When is it coming out? Let alone the North American release of the first volume comes out in February. I am so buying it.

So it took until volume 8 for me to start to feel a tiny bit bored. It might be because this is the 5th volume of this series I have finished today, but I also think that the plot of the story itself is starting to dwindle. The plot of this book focuses on the relationship of Ritsu/Masamune and Shota/Kou. You can clearly see that with the first couple, this book is a set up to a misunderstanding in the later volumes. With the latter couple, they suffer ANOTHER minor misunderstanding on Shota's part, and then they make up. I am interested in seeing what kind of obstacle the set up will lead to with Ritsu/Masamune, but I am also worried that the plot will seem like it is filler now. I hope that I am proven wrong.

I do love this series, and despite my minor hang ups, I would still recommend this series. Despite the misunderstandings that the couples face, it's really nice to see a healthy relationship being depicted with Shota/Kou. Kou is constantly reassuring Shota, and he reminds Shota that he is there to talk out his insecurities of their relationship whenever Shota needs it. It is so cute!

Takanko drives me crazy. He's so overbearing but then does something that is just so...sweet! Curious to see where this storyline with Haitani goes. And oh my goodness! Talk about sweetness! Kisa-san & Yukina will give me a cavity before it's all said & done!

Me encantó :D

Estuvo un poquín largo pero valió la pena cada página.

Aunque al comienzo no me gustó que Onodera sea tan tsundere, esto hizo que Takano sea tan hermoso. Amé a Takano en este tomo. La forma en la que ama a Onodera y todas las cosas lindas que le dice, hacen que mi corazón vaya a mil por hora. Él ama a Onodera mucho. Es esa clase de amor que te consume y enternece de una forma tan...tan...perfecta. Sobretodo porque aquí vimos nuevamente que este wey no solo lo quiere por otras cosas. Lo quiere porque es él. Su Ritsu <3

Lo cuidó cuando estaba enfermo, le subió los ánimos cuando estaba triste y lo más lindo fue cuando le dijo que no lo dejé. No otra vez. Les juro que casi lloro fue HERMOSO.

Luego está la otra parejita súper bella. Yukina y Kisa. Ay estos dos :33

Sin duda se llevan el premio a "Pareja que más me ha hecho sonrojar. Esos dos MATAN. ASESINAN.

En ambas historias, el tema principal fueron los celos. En lo personal odio los celos en las historias de amor. Pero los amo cuando se trata de yaoi :33

Durante la primera historia, amé la escena que Kisa armó por sus celos. Me hubiera reído de no haber sido por la sangre que me hervía en la cara por lo sonrojada que estaba. Y en la segunda historia, que fue narrada por mi Yukina, el celoso esta vez fue ÉL.

Yukina es...es...Dios mío quiero que Yukina Kou sea mi novio. Es simplemente lo más sexy y tierno a la vez que he visto. LO AMO demasiado. Y amo como es que está tan perdidamente enamorado de Kisa. Y como teme a perderlo. Y sus celos. ¿Cómo un seme puede ser tan inocente? Yukina mi vida.

Shungiku Nakamura vuelve a sorprenderme con sus maravillosos mangas. Con sus bellas historias y personajes maravillosos. No dudo en ponerle 5 estrellas aka 1 millón.

Me apena mucho que pronto me acabaré todos los volúmenes y tendré que esperar un año para leer lo siguiente, pero por otro lado, hay TERCERA TEMPORADA CONFIRMADA :D (kyaa okno) así que NO puedo esperar más.

Así que nada pues. Yaoi FOR LIFE<3

Actual (short) review:

This Boy's Love romance comedy series is still going strong in volume 8. Whilst the side-pairing Kisa and Yukina are having troubles in paradise (which is totally cute), the main couple continues to develop their slow-burnt relationship and (hopefully) solve out their issues with the speed of a snail's crawling around your garden (even the former love rival, Yokozawa got annoyed by these two's lack of progress!) However! I can still fully enjoy the romantic dramas between those two!^__^

PS: seriously, when will this main couple moves up to the 'Meet the Parents' stage? It would be totally amusing! LOL

The Worlds Greatest First Love 8

5/5 stars

As we've established, I'm trash.

I love that Ritsu's story is a slow burn, but can it burn just a tad faster?

I love how the theme in this one for both stories seemed to be jealousy though and seeing the scenes with Haitani were exciting.

And ugh! Kisa's story is always the perfect little desert at the end of each volume.

Overall:

Love.

Diana Lynn says

Aw I love it soooo much! It just gets better and better. I just want Onodera to come out and tell Takano, but for now, I'll put up with the amazingly cute ways it ALMOST happens. The last chapter especially was so hot! Great volume and I'm going to be sad to start the next one since it is the last one released thus far.

Colleen says

Onodera/Takano- 2 cute scenes. The first has Onodera dealing with his first author event and being very nervous of course. Takano helps him through it and they share more non-work conversations and cute couple moments. Later Onodera is tasked with buying a gift for Isaka who has just become the president of the company and meets Hatori, Takano's nemesis from his last job. Takano tells Onodera to stay away from him but refuses to elaborate, leaving us to wonder what's up.

Kisa/Yukina- Yukina has to model for a fashion show. Kisa becomes jealous of how much time and talking he is doing with the girl making his outfit. Kisa eventually shows up in disguise and accidentally gets knocked on stage, at which point Yukina kisses him behind a hat. It turns out his biggest concern was that the girl called Yukina by his first name (Kou), which Kisa hasn't done. Yukina immediately says he has no issue with using first names, further deepening their relationship.
