Explosive

I'm sorry but I'm sick of Morgan! I don't like females like her! I understand that she's hurt! But he doesn't have to be with you to raise a child or to co parent! There are ways around it! Yes Justin was dead wrong but if she couldn't forgive him she shouldn't have taken him back point blank period! And two wrongs don't make it right! What she did was 3x worse than anything he could have done. Because she acted instead of being an adult and sitting down and acting talking about her true real deal feelings! I love Cam! I love him and Rae together! I'm sick of Teri and her and her can't let go behind! If she don't go some where! This book was everything! This book is my favorite series out of everything you've done! You just keep elevating with each series you put out and it shows keep it up! I can't wait to see what you have in store for us in part 2!!!

Fire??

Where do I begin.... Raegan almost made me stop reading this book in the beginning, but boy am I glad I didn't. Justin making me want to throat punch him. I get his ego bruised but geesh?. Morgan self esteem is going to be shot to Haiti. Teri needs a bullet...or a bat? Cam is my new book bae?? Come on with part2???

That Ending!

I kind of figured that a Teri was going to o show up with a child, but she screwed herself by cutting her ties with Cam. I hope that Cam and Rae stay together and raise both girls and Teri can kick rocks. Morgan and Justin are getting my nerves. Can't wait for part two.

Great book. I was mad with Reagan in the beginning her attitude was off the hook but she got better as i read on. Cameron is bae he is too much. I'm mad at Morgan and Justin i hope they get it together in part 2. I can't believe that Terri sprung that kid on Cameron like that can't wait for part 2

Loved it

This was a start to a good series. I'm glad Reagan decided to give Cameron a chance. I think they make a great couple. Teri was wrong how she just dropped off her daughter like that. Even if the baby is Cams she was wrong how she did. And I hope Justin and Morgan can work things out before someone get hurt.

??????????

That cliffhanger was crazy! I hope Morgan don't kill Justin baby. Thats just gone make Justin crazier.Cam is going To hurt Teri . Who waits 3 years to tell someone thy are a father. Who does stuff like that she better hope thats kid. Reagen and Cam are great together. He is good for Reagen she needs to let that hurt if her past go.Cant wait for part 2

Page turner

I just love Cam. I am glad that Rae did not get crazy with him for the secret that came out at the end. She did what a woman is supposed to do in this situation. Normally in the urban books the girl is gone after something like that. I am hoping Justin and Mo get back right but they has many trust issues that can't keep getting swept under the rug.

This book was so good from the very first page and only got better. Held my attention and wouldn't let go and I still wanted more. Very well written and flowed at such a steady pace, I had finished before I realized it. Cameron is just what Raegan needed and so glad that got together, Haylee captured this bad boy's heart from the start and still has him wrapped around her finger. Morgan's insecurities isn't good for their relationship. Due to them Morgan started a domino effect that's going to come back and bite her bad. So many twist and turns and I can't wait to see how it all unfolds. On to the next installment. Job well done Tay Mo'Nae.

Yass Tay!

Oh this was so good! That Cam is crazy but he has an awesome heart, I'm hoping for Justin and Morgan to get it together but Morgan need to stop throwing up getting an abortion. If that's Cam's baby he need to keep her and Teri need to keep it pushing. S.B. Cam and Rae need a little boy!

Wow

Love how cam and lee lee relationship is. It was like tay monae took a coin and said hmmm. I 'm going to flip these couples relationships. The couple that was so in love became the couple who can't stand each other. The couple that couldn't be around each other without being rude became the couple who in a relationship. Tay has grown so much as a author. Can't wait to see how she fix mo and justin relationship. Also how cam and rae deal with teri . I love how tay monae has evolved. Good job keep it up.

A Good Read

Well I got exactly what I expected when I chose this story, and boy let me tell you I loved every minute!! The writer takes command of the story from the beginning and never lets off the the gas. The characters are just great they are people you can know or relate to and their situations. The chemistry is real sexy and explosive too the point it just jumps right out at you. This was good storytelling and an enjoyable experience, but for a few typos everything is good.

Lasandra King says

Yessss!!!!

Cameron and Justin....manly men, the no nonsense type of men u fall in love with. I love how tough they act around their men and everyone else but a big ole softee when it comes to the women they love and the kids. Even though they going through all this drama the women in their lives...Raegen and Morgan are the ones that hold them together. Teri and Sal need to be dealt with. I'm pretty sure theybgonna get what they the deserve. I absolutely love this book. I can't wait for part 2. Awesome job

Shaquera Jackson says
