**A Snowbound Cowboy Christmas** Amanda Renee

**JINGLE BELLS—OR WEDDING BELLS?**

Some people would have thought getting stranded at the Silver Bells guest ranch in Saddle Ridge, Montana, for Christmas—with the dreamy Dylan Slade, no less—was idyllic. But for real estate acquisitions expert Emma Sheridan, it's a disaster! Because Dylan is standing in the way of the takeover deal that could secure her promotion and her daughter's future.

Dylan has no intention of selling. So why does he suddenly care so much about what happens to Emma...and her unborn baby girl? Now, with a preterm labor scare and a serious storm conspiring to keep them snowbound for Christmas, Dylan has two weeks to change her mind about her company's takeover. And maybe even about him!

I love all that Amanda Renee writes and this is no exception. A beautifully written Christmas story that shows how love can come about when you least expect it and overcome seemingly insurmountable obstacles.

Emma is on a mission. Get Dylan Slade to sell the Silver Bells Guest Ranch to her firm and get that new position. Her future, and the future of her unborn daughter depend on it. But Christmas in the mountains of Montana send her on a wondrous and magical journey that may change their lives forever.

Dylan won't sell. No matter what happens he will find a way to keep the ranch. But when he meets sexy Emma Sheridan, he knows she's going to be trouble. And trouble she is, but of the best kind.

Emma won't take no for an answer. Dylan won't listen to her ideas. Until a medical emergency involving her baby strands her at the ranch for two more weeks. Dylan has an unexpected attachment to the baby, not to mention her mother that he doesn't want. He swore after his divorce he would never grow attached to another mans child. But with Emma he is drawn with an unexplainable current. Sure Emma is beautiful, but its more than that. He sees her strength and tenacity. And he can't stay away. But can he make her love the ranch as much as he does? Would she ever love him enough to leave Chicago and come to the mountains of Montana?

After Dylan shows Emma a magical night with some unexpected firsts, she is mesmerized by the beauty of the ranch, and by Dylan himself. Displayed in all of its Christmas wonder it truly is one of a kind experience. Could she possibly help him find a way to keep the ranch? Would he ever want her and her daughter there with him? Or will it all be lost in broken trusts?

My first ever Mills and Boon. No dodginess which was a suprise. A fairly sweet, fairly cheesy, fairly predictable story - I guess there is a time and place for those.
