Beauty and the Goblin King Lidiya Foxglove

Maybe I was the girl Clara didn't want me to be. Here I was, with the goblin king, and I didn't want him to stop.

For the past ten years, the Goblin King has stayed locked away in his caverns. He only opens his doors for one purpose: he will give one gold coin for every night a girl is willing to spend with him. Despite his fearsome reputation, his fangs and claws, the girls come back safe and sound, and they never say a word about it. One must be very desperate to accept such an offer...or very curious. Well, everyone says curiosity has always been my downfall. Too clever for a girl so beautiful.

Now my family is on the brink of losing everything. My sister Clara knows the goblin king's story has always intrigued me, and she's willing to sacrifice me to get her hands on his money. But I finally have the chance to sate my curiosity.

What will I find when I get there? A man who is cruelly cursed, haunted by a past misdeed? Or the man who will unlock all of my secret desires?

It has been a long time since the Goblin King trusted anyone, but if he is willing to trust me, I might be able to save him and his people. But the witch who cursed him is close at hand, and she doesn't play fair.

Beauty and the Goblin King is a fairy tale retelling for those who like an adorable happily ever after with a side of **serious steaminess!**

Meels says

Hmmm, noticeable number of editing errors. Mostly things spell check wouldn't catch, but fit as typos. Not enough to bother me over much though, and that is a real annoyance of mine.

The end, the very end, with her family, was a bit lame...

Otherwise, likable characters. A fun twist on the tale. Spicy though. You've got to be okay with some heat, or don't bother. If you like shenanigans, well then, you're gonna love this!

I preferred Goblin Cinderella.

Fran says

This book was amazing! The retelling of the fairytale Beauty and the Beast often lose sight of the focus. Beauty aka Sabela is interesting. She desires forbidden things, she is curious about anything and everything and her scene in the library of the Goblin king's palace is reminiscent of childhood cartoons and a love of learning.

Of course, that is where the comparison ends because this is book 1 of the fairy tale HEAT series. If one does not know what that means let me share. The goblin king gives a gold coin per night with a girl. They have sex. This story tells all. No blushing out the scene, no inference, straight to the point talk. It's steamy, sexy and makes you want your own goblin king.

N'yar is a tormented soul. The few chapters from his point of view actually give you a deep look into his way of thinking. It's easy to say his thought process was all wrong but when you glance inside his head you see how ten years wear you down.

SPOILER

One of my favorite things about this though was that N'yar was actually a goblin. He doesn't turn into a fae prince at the end. When the curse was broken he was allowed to be his goblin self forever. The only downfall to most beauty and the beast stories is that he turns handsome in the end. It seems to imply that beauty is actually as important as what's inside. This story has a maiden fall in love with a goblin, she even rejects the fae prince for the more horrifying goblin because she loves N'yar the way he is. Completely beautiful.

Ginger says

This is a retelling of Beauty and the Beast but the role of Beast is a Goblin King in this book. And it's slightly steamy so know that before going into this book. The characters were okay but they seemed a bit dull at times.

The plot wasn't bad but it's not great. It's a super quick read so if you need to get some books added to that huge reading challenge you picked in January, give it a go!

This gets 2.5 beastly love stars from me. I'll also read the other books in the series since I love fairy tales and....err, erotica. ?? hahaha

Aundrea says

This was short, fun, and smutty :)

It was an interesting take on the Beauty and the Beast fairy tale. The editing could have been better, but nothing that was distracting enough to make me put it down.

I wouldn't say the characters are in my heart, but they made me smile. I'll read on in the series. It's just the kind of smutty fluff you need once in a while.

JoReadsRomance says

Entertaining, but a bit messy

Starting with the positives, I liked the premise and the spin on the classic Beauty and the Beast tale. I also liked the goblin supporting characters. However, the story doesn't flow well, as the pacing is off and the writing style is inconsistent. This author has a lot of promise though, and the issues with her writing could be remedied by an experienced editor.

Jennifer says

wowza.. I enjoyed this more than I probably should have... but I am a sucker for a good Beauty and the Beast retelling and well... this one was adult AF. OMG. I need to finish the rest of the books... they are fast reads. Great read... if you want a more adult Beauty and the Beast retelling that you can't take too seriously. Fun read... and believe me I will read the rest...

Laura says

I really loved this, a very clever retelling of beauty and the beast and will definitely be continuing on with this series.

Sabela being fascinated by the goblin king falls on hard times with her family, taking up the offer that has stood for years every night spent with the goblin king receives a gold coin.

Although Sabela and N'yar fall reluctantly in love as they don't know if Sabela is the one to break the curse.

Lots of great steamy moments.

Marta Cox says

Well this was different and that's a fact. Like many I'm a sucker for a fairy tale retold and yes Beauty and the Beast is definitely one of my favourites. So spotting this by a completely new to me author had me very curious and although I wasn't sure about the raunchy side of this initially it actually fit very well with the story this author is telling. I thoroughly enjoyed getting to know and understand these characters and thought the twists used worked extremely well. So whilst it's not the longest book I've read recently it certainly entertained me. I will stress that this is a very adult tale though so please be aware before purchasing. I'd happily read more fairy tales from this author and sincerely look forward to discovering more of her work.

Mel says

This wasn't a very good book. Perhaps I am biased because I'm no fan of erotica, but I found this book to be fantastically boring. For a Beauty and the Beast retelling there was a lot of potential for this book to be really interesting and rather hot but it wasn't at all. Some of the early sex scenes came across very much like assault and from there I just disconnected from everything. Sabela and Nyar were incredibly unlikeable characters on their own. Sabela was incredibly annoying, there was nothing about her that was special or worth rooting for and the same can be said for Nyar. I didn't feel sorry for him and I wasn't rooting for Sabela to break the curse. Honestly, Nyar was a creep who liked to blur the lines of consent. I didn't like him. I didn't like this book and I'd recommend it to no one.

Future Slayer Girl says

Unique fairy tale

This felt like a cross between labyrinth and legend, a well paced adventure, with clever world building that really drew you into this amazing world. I read this super quick and was rooting for the two main characters the whole time.

Frankie Lovely says

3.5 stars

Review to come

This was actually really great for being what is essentially fairy tale erotica

Autumn Miller ~ autumnbookreads says

3.5 Stars

I liked this book. It was fast paced and constantly had my attention. I love fairy tale retellings and Beauty and the Beast has always been my favorite. Going in, I had read some of the authors other books before this and I was extremely interested in seeing how she would put her spin on such a classic fairy tale. I must say she did a really great job. She stuck to the basics of the original story but put enough of her own writing style in to make this unique. I am very interested in reading the rest of the series and seeing how *Lidiya Foxglove* will write other fairy tales.

Himani says

Boring

The writing lacks dynamic prose, the characters lacked agency and characterization, and this was a case of insta-lust between them. I felt like I was being told what was happening instead of being shown. Unfortunately, as a result, it quickly became boring. Which is a shame because the idea had a lot of potential.
