**Big Bad Wolf** Linda Jones

MY, WHAT BIG SHOULDERS HE HAD ...

Big and wide and strong, Wolf Trevelyan's shoulders were just right for his powerful physique --- just right to hold a girl. And Molly Kincaid wondered what his arms would feel like wrapped tight around her.

AND A WICKED SMILE ...

Molly knew she should have been scared of the dark stranger when he confronted her on her shortcut through the Maine woods. She had been warned of Wolf's questionable past and sinister ways.

LIPS THE BETTER TO KISS HER WITH ...

But there was something compelling in his gaze, something tantalizing in his touch --- something about Wolf that left Molly willing to throw caution, and her grandmother's concerns, to the wind to see if love wouldn't find the best way home.

## Denise Colvin says

It was a great little, I different take on the big bad wolf.

---

## JennyG says

Nice, entertaining read. I liked the fact that the heroine stood up for herself. Hero tried his best not to fall in love with the heroine, but he was fighting an already lost battle. It was a little bit repetitive.

Review originally posted at Under the Moonlight Book Blog

I love what Linda Jones has done with all this fairy tale retelling mixed with historical romance. Two of my favorite things together. The retelling of children books with an adult twist and my favorite genre, historical romance.

Molly is on her way to visit her sick grandmother when she comes across a stranger that steps out of the woods. She is drawn to this stranger and feels no fear even when she realizes is Wolf Trevelyan, a man that has a dark past and who no one wants near their innocent female women.

Wolf feels this inexplicable pull to Molly and he needs to have her no matter the cost. What he can't explain is why she doesn't behave like any other woman he knows and why he can't buy her into her bed. Everyone has a price, he just needs to find hers.

I fell in love with this book since the first encounter between Molly and Wolf. The way Wolf was puzzled by Molly, the way Molly treated him in spite of the rumors, the way Wolf kept trying to look for an explanation as to why Molly was different, and the way Molly followed her instincts instead of what people said.

Even their time in New York at which point the story deviated from the Red Ridinghood story was fascinating and engaging and infuriating and so many more things that capture my attention and hold it firmly. I will, of course, be reading more of this stories the next one being Someone's Been Sleeping In My Bed since I was gifted that book too.

## Ewa says

Haha, so the H in this story was a colossal jerk. He would be really good in traditional bodice-ripper.

Overall, I enjoyed it, because it had one of my favorite tropes - marriage of convenience with H being the reluctant party.

## Mermarie says

This was a great little light read. It is both amusing and much needed, after submerging ones self into bodice ripper seriousness, and my gripes are generally very few when I'm particularly seeking the escapism from the harshness of historical depictions. If, of course, you don't have 400 pages of saying absolutely nothing, and inoffensive, acute censorship for the frail hearted, as my last freebie-read was.

? *We're not afraid of the big, bad wolf; the big bad wOooo-oolf.* ?

Wolf Trevelyan, he's the Big BAD WOLF. He's got a dead wife and mystery under his belt to spook the locals into giving him his privacy. Every bedtime euphemism in reference the age-old *Little Red Riding Hood* fairytale was clearly established early on! He's predatory, he stalks, he threatens every angle of propriety, as he waits in the woods with a keen anticipation for Red, the flaming haired Molly Kincaid, on her periodic visits to her grandma's house deep within the woods.

Molly's a 24 year old, genuinely innocent girl who is tempted by the alluring mystery and wounded paw of the Big Bad Wolf. She's telling the missing side of the story of a *maturity* behind the innocence; revealing a new, true character living behind that scrim of male desire: the good girl who wants it just as much as **he** does.

This book was better than what I expected. The last page or so was not so great but the book was.
