## **Big Easy Murder H.P. Mallory**

BIG EASY MURDER is a novella in the Peyton Clark series.

Peyton Clark's life is anything but ordinary. And it's about to get even more bizarre.

As if it weren't enough to be on the receiving end of the affections of two men, one of whom is deceased, Peyton finds herself in the middle of a murder mystery taking place nearly sixty years earlier.

Ryan Kelly, her very much alive boyfriend, is by her side while the spirit of Drake Montague, a 19th century policeman, is inside her head and her heart.

As Peyton finds herself drawn into the shadowy world of New Orleans voodoo, she can only hope she escapes unscathed. Or will she become the victim of another murder in the Big Easy?

### **Jan Niblock says**

Peyton Clarke is one heck of a woman. She is continuously pushed out of her comfort zone and she does it with grace. I always enjoy H.P.'s stories and I am happy this one didn't end in a cliff hanger but still left it open for more adventures for Peyton.

---

### **Frances says**

#### **Love the characters, but it is not a full story**

Love HP Mallory's books, have really enjoyed most of her books. However this new "novella" fad where you only get a portion of a book just doesn't work for me. I feel like I only get part of a story not a short story. I would rather wait a little longer for the full story.

---

### **Elisa Hordon says**

A great short in an awesome series

---

### **Pamela says**

So good but way too short.

---

### **terrie huffman says**

#### **Big easy murder**

I enjoy the Peyton Clark series and this book was no disappointment. It is shorter than the other books but well worth reading.

---

### **Rachael says**

Not bad for a novella, but it was fairly short and I found I wanted a bit more. I love HP Mallory's writing, but Peyton reminds me very much of Jolie Wilkins (and Dulie O'Neil, and Lilly Harper ...) but whereas I like Jolie Wilkins and Peyton Clark, I don't very much care for Dulie O'Neil, and Lilly Harper (maybe it's that Dulcie is a Jolie rip off, and Lilly has that revolting guardian angel?). Anyway, I found I kept wanting the continuation of the last Peyton book, but never got it. Not a bad diversion while waiting for the next Payton

Clark book though.

### **Nurse Lisa In Ohio (PRN Book Reviews) says**

4.5 stars...it was sooooo good to "see" Peyton again finally! I really enjoy this series, but I think HP Mallory could rewrite the Emancipation Proclamation and I would be thrilled to read every word! "Big Easy Murder" definitely needs to be read in order within the series, imo. it's a really good series so far...but once again, so is everything else Mallory writes/has written! lol. cult following, I think .

### **Jennifer says**

I am a huge fan anything HP, like to be honest I obsess over her books, I have 4 on my Currently Reading list actually... I am trying to catch up on reading and her's are a priority.

That being said while her books are amazing and I am always lusting after the next one... this one didn't leave me wanting more. I think this is mostly because Peyton's story is probably my fourth favorite out of her four heroines.

It took me a bit to get into the story but of course once I did I simply could not put this book down. I loved it and I love how complex the storyline is, actually it might almost be her most complex story line. Plus it is set in New Orleans which makes it a whole lot of fun on it's own. I am anxious to see where this story goes because well it is HP and I live for her books. I am just sad that this one didn't bring me in as fast as normal, but still amazing writing all together!
