## From Reader Review Chu's Day at the Beach for online ebook

### AleJandra says

El otro día un desconocido me hizo la platica sobre libros, fue la cosa mas bizarra que me ha pasado, un día les contrae los detalles de esa conversión, por lo pronto les contare que este chico se sorprendió que ha pesar de leer tanto nunca he leído un libro de Neil Gaiman, porque según él la novela gráfica de *Coraline* no cuenta.

Así que bueno sus palabras se me quedaron y últimamente he buscado libros de este autor para leer, ninguno me ha llamado la atención lo suficiente para leerlo, pero encontré esta serie de libros infantiles y no me pude resistir.

Me gusto mucho este libro, porque aparte de tener un protagonista super tierno, me pareció muy creativa la historia, además que a mi hija le encanta leer la parte de los estornudos.

### Laura says

Gaiman and Rex team up again for another adorable Chu story. This visit brings us to the beach, where Chu's big, BIG sneeze causes big waves and trouble. Can Chu and his friends fix the sneeze upheaval?

Chu is super cute as always—those eyes of his always melt my cold heart. But this time out the art missed the mark for me. The “Aah, Aaaah” pages with the disembodied heads stuck out as a bit odd. I realize Mr. Rex was trying to show the building, building sneeze, but sadly the floating heads technique did not work for me.

Some disappointment in the pages, but still oh-so cute. Plus you can still see and hear Gaiman in the story. I mean come on! Merpandas! You can't go wrong with a merpanda! :)

Recommended Library read.

### Ricardo Marín says

4.5 / 5

Solo Neil Gaiman es capaz de hacerte amar tanto a un personaje que has conocido en tan pocas páginas. Chu siempre será uno de mis personajes favoritos de este maestro de la literatura. ¡Todos a leer esta trilogía!

## **Archit Ojha says**

Little Chu takes us with him to the beach.  
As expected his day is not going to be a normal one but an extraordinary one.  
Neil Gaiman's Chu series has a cool and interesting thing about them.

---

## **Ana says**

I want free ice-cream for sneezing too!

---

## **Charlotte Jones says**

I don't have much to say about this as it is the third in the series and I've already reviewed the first two but I have to say that this one wasn't as impressive as others. I think it was because the authors introduced slightly fantasy elements to the story and I think that more could have been done with the setting. I still enjoy these books and think that I will be buying the board books for my son one day but this one wasn't as good as the first two.

---

## **Elizabeth K. says**

Chu and company are adorable as always. It's a very pleasant book. It's maybe starting to feel a little franchise-y.

I thought it was notable that my four year old didn't quite get what was going on with the wall of water (she hasn't seen The Ten Commandments, I guess) and I had to look at the picture twice to get it myself, OH, okay, Chu sneezed the water to either side, so the whale can't get home because he can't cross into the area that is only air. Then she said "of course he can, he works in a diner" (in the first book). She has a point.

---

## **Jesse says**

It is impossible not to giggle while reading the Chu books; even his name is funny! And there are merpandas. Enough said.

---

## **Amanda says**

LOVE this series! Favorite parts--Chu breaking the ocean ("You broke the ocean!?" is what I can picture everyone thinking )and the mer-pandas.

---

## **Sweetdhee says**

Duo GAB suka banget!  
Bolak-balik minta dibacain...  
Apalagi si dedek...  
Sering banget nunjuk-nunjuk tempat nyimpen buku ini kalau udah bosan main...

Ceritanya seru.

Mas Galang paling suka pas bagian Chu dapat dua scoop ice cream (banana, he choose).  
Giska paling suka pas bagian Chu bobo (the last page). Somehow she's interested in every sleeping illustration...  
Hmhhh

---

## **Andrew says**

This one didn't quite have the same charm as the first two. Possibly because there was too much plot, actually, never really allowing Chu to just be the cute panda from the first two. Plus, there were weird pages of Chu's disembodied head as he was starting to sneeze--just looked odd.

---

## **Jenna says**

I might be biased, but that was adorable. His sneeze level is over 9000!

Older kids might enjoy searching the beautiful illustrations for the miniature beach-goers, such as the surfing mice and sunbathing cockroaches.

---

## **Bookish says**

Illustrations were lovely. Wording not so much, on the boring side mostly. The capitalist octopus threw me for a loop. Chu needs to fix the 'broken' ocean not because the whales can't go home - and he's created a bit of havoc with an ecosystem - but because the octopus won't be able to sell her ice-creams as nobody will want to come to the beach anymore .... Really?! C'mon!!

---

## **Kaethe says**

Chu's Day at the Beach - Neil Gaiman, Adam Rex Chu's not like the other kids, so his day at the beach starts out as one might expect and then takes a turn toward the frivolously weird. Cool.library copy

---

## **Miranda Reads says**

### **Read this for my Neil Gaiman kick.**

Poor little Chu has to deal with a big problem - his over-the-top sneezes. This makes going anywhere quite an adventure as we will soon see.

Hats off to the illustrator for this one. I've never seen a sneeze so realistically portrayed in a book. It'll like when you see a picture of someone yawning and you suddenly have the urge to yawn. That's what it was like with sneezes in this book.

### **Audiobook Comments**

Yes, there actually is an audiobook for this teeny-tiny book. It's read by Neil Gaiman and it's surprisingly adorable. Love all the sneezes!
