Plague of Coins:

William Barrow carries a dark secret. A very dark secret.

An archivist for the Smithsonian Institute and also a part-time operative for the CIA, no one would ever suspect the handsome 'thirty-ish' William is in fact the most reviled human being to ever walk the earth. His infectious warmth and sense of humor make such an assertion especially hard to believe.

But long ago, William Barrow had another name...one that is synonymous with shame and betrayal: Judas Iscariot.

Forced to walk the earth as a cursed immortal, William/Judas is on a quest to reclaim the thirty silver shekels paid to him in exchange for Jesus Christ. Twenty-one coins have now been recovered-thanks in large part to the help from his latest son, the esteemed Georgetown University history professor, Alistair Barrow.

Ever hopeful the complete coin collection will buy him a full pardon from God and end his banishment from heaven, William plans a visit to a remote village deep within Iran's Alborz Mountains to retrieve 'silver coin number twenty-two'. But the CIA has a different objective for this trip, one that pits both father and son against an unscrupulous Russian billionaire searching for something else that's just as precious within the ancient mountains of Iran...something that threatens peace in the modern world if William and Alistair fail to reach it first.

The Vampires' Last Lover:

Txema Ybarra is the most unenviable nineteen-year-old girl alive.

Smart, pretty, and athletically gifted, this University of Tennessee freshman should be enjoying college life and her entrance into adulthood. And for a moment she does...until the vampires show up.

Born with an unusual 'twin teardrop' birthmark on her neck, Txema (pronounced Chema) is one of only a handful of females in the world who bear this trait. It marks her as a vessel of eternal youth and beauty for an elite vampire society determined to protect her precious blood.... But it also is the only thing standing in the way of a rogue 'undead' nation determined to destroy mankind and usurp the power their sexier brethren have held uncontested for centuries.

Caught in the middle of this war after all the other bearers of the birthmark are murdered, Txema must flee America and heads to France under the protection of five beautiful vampires who all have a vested interest in her survival. The race is on to save her blood, as well as her very life, to ensure the survival of Les Amantes de Vampire. Otherwise, Txema will be the last one...the vampires' last lover.

## **From Reader Review Cursed Immortals Omnibus 2: Judas & The Vampires for online ebook**

### **Nancy Steinle gummel says**

This book contains 2 completely different stories. The first is about Judas who betrayed Jesus. He's trying to retrieve the 30 pieces of silver he received for his betrayal. He's now immortal and has a son Ali. He runs into CIA interference and assistance. He has to travel to a remote village in Iran. There are a lot of surprises and twist n turns in this tale. The second book is about vampires and a hound American college student who has 2 teardrop birthmarks on her neck. Her family is of Basque descent. This signifies the survival of the vampires. There's a war beginning between the good vampires and their mutant cousins. The battle runs thru America overseas to Europe and a hasty escape to China. A very unique perspective. I want to read more.

Yet another older Amazon freebie... Finished April at 10% & hadn't gotten back to it since until this month. Finally got around to finishing this book. I completely skipped the Vampires fic as they are NOT my shtick. But the Judas book was actually more interesting than I expected it to be. I'm glad I read it.

I really enjoyed the concept of the first half of Judas. But the vampire story was uninspired.
