Family Betrayal

Kitty Neale

Family Betrayal Kitty Neale

The Drapers rule the streets of South London. Everyone is afraid of them - and that's just how they like it. But when tempers flare and a feud spirals out of control, tragedy strikes, leaving eldest son Danny in charge.

Rachael says

this is like the plimsol version of a martina Cole doc Martin - it does the same thing but lacks the grip, suspense, hardness of our miss Cole!! in other words lame and boring!!

Rowlie says

Another great Kitty Neale read with all the usual twists and turns. Couldn't put it down.

Bernie Morris says

Really liked it.

Annette says

I have read a few Kitty Neale books over the years and so I was pleased to find this in my holiday apartment. I must say I wasn't dissapointed, although the book is around 530 pages long it kept my interest all the way through. Kitty tells a brilliant story of 1960's London and a family of small time crooks who get in out of their depth with alarming consequences.

Anna says

Slow to start but got better as it went on, Good twist at end

Fiona says

Don't judge a book by its cover.

Although I read the back of the book, I thought this was going to be a sad story rather than a tale. A nice surprise.

Ondine says

Amazing book, clung to every word, and often found myself skipping ahead to the next page, much to my annoyance! A heartbreaking story about a family torn apart. Would recommend to anyone looking for a great book!

Paula P says

I really didn't think I would like this book, but was surprised when I was unable to put it down! Read it within 2 nights, really excellent, well written and keeps you guessing right up until the end

Ellen says

Kitty Neale has me at the first page every time I read her books and I have read a lot of them. She is so crafted at drawing a picture of what she is writing about and you get drawn into it completely.

This is set in the 1960's when gangs were rife. There was a particularly nasty one called the Draper family tough, uncouth everyone fears them and they relish that fact. A terrible family feud has drastic repercussions. This story takes you on a journey like no other. The daughter Petula is one of the main characters. She returns many years later, the family have split up what now? As usual Kitty weaves a web around you.

Laurie says

I was given this book to read and I quite liked it. Very British so some of the terms were confusing to me. Okay story, I figured out the plot early in the book.

Shirley Revill says

I read this book some time ago and I really enjoyed the story. Easy to read but very hard to put down.

Jackie Stitt says**Gritty story**

I enjoyed reading this book as it was interesting to get to know all the characters. I love reading Kitty's books as I like to get the characters and it's almost like watching a film unfold.

Sharon says

I registered a book at BookCrossing.com!
